RE: Justification for label location regarding application for certification of

FCC ID: WVJ-CB000116149

IC Number: 10511A-0116149

To Whom It May Concern:

This letter is to justify the choice of label location for the device bearing the above FCC ID and IC Number. The location was chosen to be printed on a label and placed on the bottom side of the plastic carrier that houses the pcb due to the small size of the pcb and product.

Please contact the undersigned if you have any questions or need any further information.
