Subject: FCC ID: WVTWXOUN06 justification letter for expanded frequency range
136 - 174 MHz

Gentlemen:

We would like to have the 136 ~ 174 MHz freq range appear on the face of the FCC Grant of Certification for our Part 90 Certification. This frequency range contains frequencies regarded as usual & customary by United States Federal Government and its various departments, user organizations and the military.

- (1) The applicant plans to ensure that USA users, other than those specifically identified in this letter, not operate within bands which are not allowed by the Part 90, as controlled by the users' FCC station license.
- (2) This device will not be marketed to USA users, other than those identified in the letter, namely the US Government and its various departments & military, for operation in frequency range out of Part 90.
- (3) The applicant acknowledges that it is a violation of the FCC rules if the device operates on unauthorized frequencies.

Sincerely,

Quanzhou Wouxun Electronics Co., Ltd.
