Ref: FCC ID: **WVTWOUXUN07**

Dear Sirs:

Quanzhou Wouxun Electronics Co., Ltd. requests acceptance of the labeling proposal described below for transceivers bearing FCC identifier **WVTWOUXUN07**. The subject transceivers are compact handheld models as shown in figure 1, authorized under 47CFR Part 80 for maritime services.

Figure 1

Because the majority of the transceiver housing is composed of display, speaker, operating controls, and a removable battery pack, there is extremely limited space available to attach the required label carrying the FCC identifier. Attaching the label to the battery pack is not acceptable because the battery pack is a removable item. For this reason, Quanzhou Wouxun Electronics Co., Ltd. proposes placing the label carrying the FCC identifier inside the battery compartment as shown in figure 2.

Product Name: two-way radio	Model: KG-UV6D	Made in China
This device complies with Part 90 of the FCC Rules Operation is subject to the conditions that device does not cause harmful interference. Restricted to occupational use to satisfy FCC RF exposure limits. See user manual for operation requirements.		
	Restricted to occupational use to satisfy FCC RF energy exposure limits. See user manual for awareness and control information.	
	FCC ID: WVTWOUXUN07	RoHS 

Figure 2

The consumer packaging for these models includes the battery pack as a separate item, NOT installed on the radio. As such, the FCC identifier will be readily visible to the user before the battery pack is installed and whenever the battery pack is removed or replaced. In this location, the label will also be protected from physical abuse and remain readable for the anticipated life of the device.

The consumer packaging for these models is a "gift box" which does not allow the transceiver to be seen at time of purchase. In order to meet the requirements of 47CFR Part 2.925 (d), Quanzhou Wouxun Electronics Co., Ltd. will add the FCC identifier " WVTWOUXUN07" to the outside of the consumer "gift box" packaging.

Sincerely,

Quanzhou Wouxun Electronics Co., Ltd.

 Danny Chen
 General Manager
