MAGNETIC WIRELESS CHARGER

Thank you for purchasing the 6 Foot Magnetic Wireless Charging Puck. This user manual will guide you through the setup and usage of the product, ensuring optimal performance and convenience.

#### Product Overview:

The Mag Puck is a compact and versatile charging solution designed to wirelessly charge compatible devices. It features a strong magnetic base, allowing for easy alignment and secure attachment to your device.

# Getting Started:

### Follow these steps to set up the charging puck:

- a. Unbox the product and ensure all the components are included.
- b. Plug the provided power adapter into a wall outlet. c. Connect the other end of the power adapter to the
- charging puck. d. Place the charging puck on a flat surface, ensuring it is within range of your device.

#### **Charging Process:**

To charge your device wirelessly using the charging puck, follow these steps:

- a. Ensure that your device supports wireless charging and is compatible with the charging puck
- b. Attach the charging puck to the back of your device using the magnetic base.
- c. Once the charging puck is securely attached, a charging indicator light will illuminate.
- d. Confirm that the device is properly aligned with the charging puck to establish a charging connection.

2. Misuse, lack of care, mishandling, accidental

3. Use of the product other than for its intended

4. Damage caused by improper or unauthorized

damage, abuse or other abnormal use.

Congratulations! You are now ready to enjoy the

e. The device will begin charging wirelessly. You can

use your device while it is charging, as long as it remains attached to the charging puck.

Note: The charging speed may vary depending on the device and its wireless charging capabilities.

#### Safety Precautions:

To ensure safe and reliable operation of the charging puck, please observe the following precautions:

- a. Only use the provided power adapter and cable to power the charging puck. \_ \_ \_
- b. Avoid exposing the charging puck to extreme temperatures, moisture, or liquids. c. Keep the charging puck away from flammable
- materials and direct sunlight.
  d. Do not disassemble, modify, or repair the charging
- puck yourself. Contact customer support for assistance.
- e. Keep the charging puck out of reach of children and nets

#### Troubleshooting

If you encounter-any-issues-with the charging-puck,please try the following troubleshooting steps:

- a. Ensure that the power adapter is properly connected to the charging puck and the power
- b. Confirm that your device is compatible with wireless charging and that its wireless charging feature is enabled.
- c. Remove any obstructions, such as cases or covers, that may interfere with the charging process.
