Equipment Authorization Division  
Office of Engineering and Technology  
Federal Communications Commission  
7435 Oakland Mills Road  
Columbia, MD 21046

Ref : FCC ID : WXGLP-A1

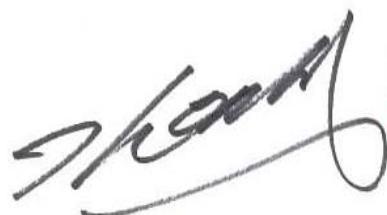

Dear Sirs :

We, Cuu:B Co., Ltd., hereby request acceptance of the labeling proposal described below for our GPS Tracker bearing the FCC Identifier WXGLP-A1.

Because the majority of the receiver housing(rear) is composed of the battery cover, there is extremely limited space available to attach the required label carrying the FCC identifier. Therefore, we request your acceptance to place it on the battery cover(Rear enclosure), because the customers cannot use this device anymore once he lose the rear enclosure(battery cover) of this device.

Sincerely,

You-Seong Kim  
Managing Director
