**Re : Declaration for output power adjustment function**

---

Manufacturer: TAIYO YUDEN CO., LTD.

Equipment name: EYAGJN

Trade name: TAIYO YUDEN

Product Description: Wireless Module

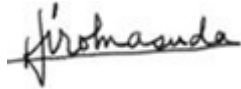

FCC ID: RYYEYAGJN / IC ID: 4389B-EYAGJN

---

We, TAIYO YUDEN CO., LTD., hereby declare our module, EYAGJN, have power adjustment functions with power range -30~ +4dBm, under 8steps: -30dBm, -20dBm, -16dBm, -12dBm, -8dBm, -4dBm, 0dBm and +4dBm.

The power adjustment can be implemented by “application program” installed into host device embedding “EYAGJN” by the host device manufacturer.

Sincerely,

---

Hiroyuki Masuda
