ATTESTATION STATEMENT

Declaration on Electrically Identical Models

We, Sonim Technologies, Inc, declare on our sole responsibility that the product:

Type: P23C001BB
FCC ID: WYPP23C001BB
IC ID: 8090A-P23C001BB

Is identical in HW design and implementation to the product:

Type: P23C001AA
FCC ID: WYPP23C001AA
IC ID: 8090A-P23C001AA

The only HW related different between the two models is the increase thickness (by 0.4mm) of the screen lens of the P23C001BB model. The two models have identical radio and electrical characteristics.

We attest that the above described differences between the three models are not relevant for any RF, EMC or Safety related behavior subject to regulatory norms.

The original test report for FCC ID: WYPP23C001AA is applicable to this new application under FCC ID: WYPP23C001BB.

The original test report for IC ID: 8090A-P23C001AA is applicable to this new application under IC ID: 8090A-P23C001BB.

Jasen Koley

A handwritten signature in blue ink, appearing to read "Koley", is written over the printed name.
