RE: CONFIDENTIALITY REQUEST FOR FULLMAX BS1000/FS4000/MS4000

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the following documents required to be submitted with this application be permanently withheld from public review:

- Bill of Materials
- Schematics of PCB Boards
- Block Diagrams

These documents contain detailed system and equipment descriptions and related information about the product, which Full Spectrum considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, Full Spectrum feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,

A handwritten signature in black ink, appearing to read "Menashe Shahar", with a long horizontal stroke extending to the right.

Menashe Shahar  
CTO Full Spectrum Inc.
