

**CB-7.2.1 – Technical Review RT Form**

FCC ID: X4GS01000A  
IC ID: 8803A-S01000A  
CT Project: p1620004

From: Shawn McMillen

Date: 2/25/2016

1. Please update the section in the EMC report that addresses the standards referenced. The report references a 2014 version of C63.4 however the scope of accreditation is only for 2009.

CT – Report has been updated.

2. There are two files provided as external photos. Only one is required.

CT – Noted. Additional file removed

3. It is difficult to tell from the interior photos if all sides of the boards are present.

Client – Additional internal photos provided

4. The Theory of operation requires a description of the hopping sequence pseudorandom.

Client – Updated Theory of Operation provided

5. The user's manual provided does not appear to be for this product but rather for a chip set.

Client – User's manual provided.

6. For both of these applications RSS-102 is not cross referenced in the SAR report.

CT – Cross reference provided
