**Subject:** Certification – Original filing (FCC ID: X4K-ATS3DCB11WS)  
- Single Certification (IC: 8880A-ATS3DCB11WS)

---

**Company:** Automatic Technology (Australia) Pty Ltd  
**FCC ID:** FCC ID: X4K-ATS3DCB11WS  
**IC ID:** IC: 880A- ATS3DCB11WS  
**EUT:** DOMINATOR SYNCRO Automatic Garage Door Operator

Automatic Technology (Australia) Pty Ltd is applying for FCC Original certification for the DOMINATOR SYNCRO Automatic Garage Door Operator.

The EUT contains:  
FHSS Transmitter (902-928 MHz): DSS  
2.4 GHz WiFi Transmitter (2412-2462 MHz): DTS

**DSS: FHSS Transmitter**

EMC Technologies' test results and reports have been provided for the DSS portion of this filing.

**DTS: 2.4 GHz Wi-Fi**

The 2.4 GHz WiFi was previously certified by Automatic Technology (Australia) Pty Ltd:  
FCC ID: X4K-WSS33-1, IC: 8880A-WSS33.  
The Equipment authorization was granted on 01/23/2019.

Since this approval, the grantee Automatic Technology (Australia) Pty Ltd has declared that no hardware design or software changes (to increase RF output power) have been made to the WiFi and that the antenna condition (FPCB with 1dBi gain) also has not changed.

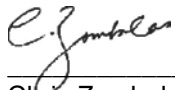

As no changes have been made which could degrade the original 2.4 GHz WiFi test results, the test reports previously submitted for FCC and ISED Canada approval (FCC ID: X4K-WSS33-1, IC: 8880A-WSS33) are therefore applicable to demonstrate compliance with the FCC and ISED Canada radio requirements of the DTS portion of this application without further testing.

**As per the requirements of KDB [484596\\_D01 Referencing Test Data v01](#), Section 1), c) – spot check measurement results have been provided to demonstrate that the referenced test data remains valid.**

**Please refer to Report Number M2010040-4 RDO SpotCheck.pdf.**

EMC Technologies Pty Ltd is acting as agent for Automatic Technology (Australia) Pty Ltd in this application.

Best Regards

Chris Zombolas
