Subject: Missing Statement in User Manual

Dear Sirs,

We hereby declare, that the user statement below is not available in the user manual at the time of the certification process but the statements to the user of the product will be in the user manual when the product is for sale and/or lease in the USA. The following statement will be added:

This device complies with Industry Canada licence-exempt RSS standard(s) and part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

If you have any questions, please feel free to contact me at the address shown below.
