Ref: FCC Class II Permissive change for FCC ID: X7J-A10051702  
(Original Grant date: 07 MAR 2012)  
Applicant: Anaren, Inc.

Dear Examiner,

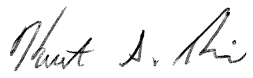

This is to request a Class II permissive change for FCC ID: X7J-A10051702, originally granted on 07 MAR 2012.

The major change filed under this application is:

Change #1 ADD new end host device to grant. The end host device is intended for body worn use only, and utilizes the transceiver module for which this grant was originally issued. The end host device is mounted into a harness, which is designed so that the device can only be installed in one direction. SAR testing was performed on the end host device to ensure it meets the RF exposure criteria. No changes are being made to the transceiver module.

If you have any questions regarding this application, please feel free to contact me.

Best Regards,

Kurt A. Richardson
