Introduction

This *Installation Guide* is written for a Proxense authorized installation professional. Only a Proxense authorized installation professional may configure and provisioning this product.

There are three steps to the installation:

- Before you start
- Configuring the ProxBadge
- Provisioning the ProxBadge

Step 1: Before you start

To ensure that you have the most recent version of this guide, be sure to check our FTP site before you start the installation.

Package Contents

Your package includes the following items:

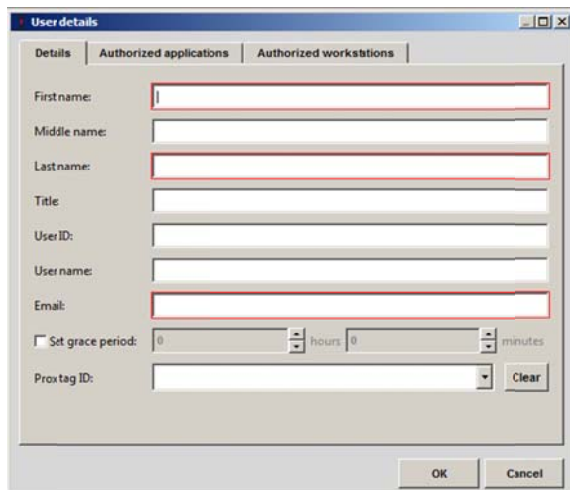

- This Guide (Your package maybe part of a master pack where only one copy of this guide will be provided.)
- One ProxBadge
- One USB 2.0 cable, Type A to Micro-B

Minimum Requirements

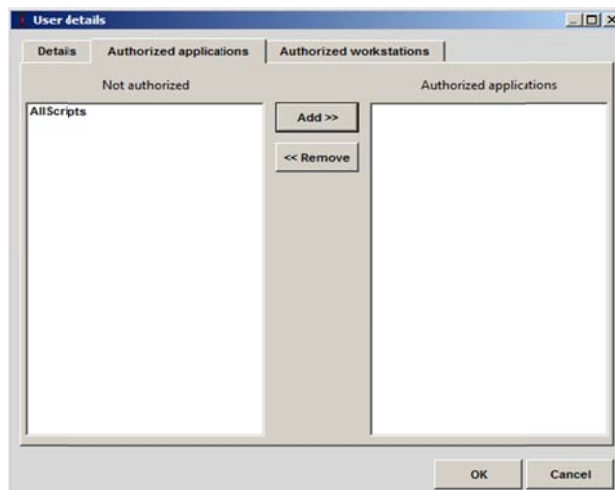

- ProxNet installation site survey which lists the following:
 - a. User information
 - b. Authorized applications for user
 - c. Authorized workstations for user

Step 2: Configuring the ProxBadge

- Press the power button. Verify that the green LED (power LED) is flashing.
- Run the ProxAdmin executable from either a network share or local drive of the client.
- Click the **Add User** button to add a new user. Enter all user information, grace period, and Prox tag ID number.
- Select the **Authorized applications** tab. Select the authorized applications for the user by using the **Add** and **Remove** buttons.

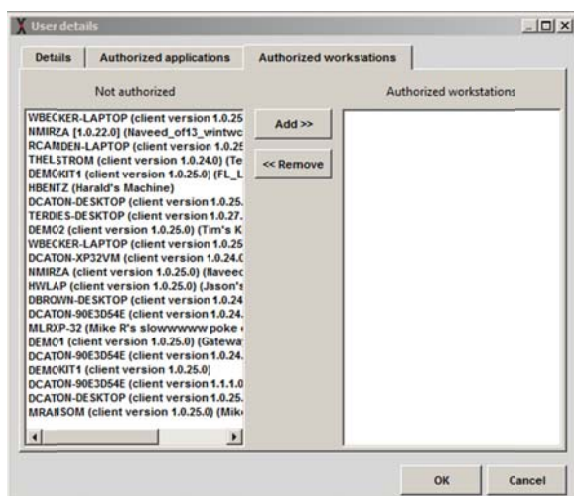

The 'User details' dialog box is shown with the 'Details' tab selected. It contains the following fields: First name, Middle name, Last name, Title, User ID, User name, Email, a checkbox for 'Set grace period' with a value of 0, a dropdown for 'hours' with a value of 0, a dropdown for 'minutes' with a value of 0, and a 'Prox tag ID' field. There are 'OK' and 'Cancel' buttons at the bottom.

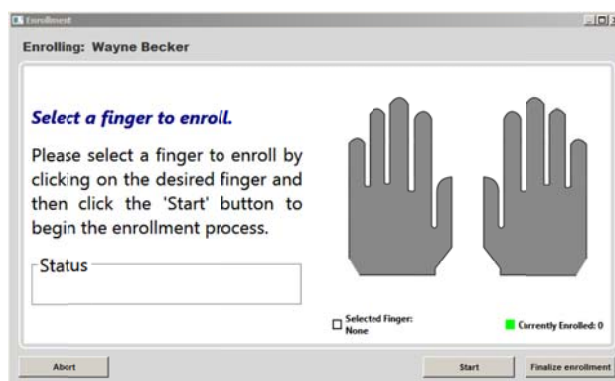

The 'User details' dialog box is shown with the 'Authorized applications' tab selected. It displays two lists: 'Not authorized' (containing 'AllScripts') and 'Authorized applications' (empty). Between the lists are 'Add >>' and '<< Remove' buttons. There are 'OK' and 'Cancel' buttons at the bottom.

- Select the **Authorized workstations** tab. Select the authorized workstations for the user by using the **Add** and **Remove** buttons. Click the **OK** button.
- Reselect user and click the **Enroll User** button. Select the finger to enroll and press the **Start** button. Follow the instructions in the **Status** dialog box. Click the **Finalize enrollment** button.

The 'User details' dialog box is shown with the 'Authorized workstations' tab selected. It displays two lists: 'Not authorized' (containing a long list of workstation names and client versions) and 'Authorized workstations' (empty). Between the lists are 'Add >>' and '<< Remove' buttons. There are 'OK' and 'Cancel' buttons at the bottom.

The 'Enrollment' dialog box is shown. It displays the name 'Enrolling: Wayne Becker'. Below the name is the instruction 'Select a finger to enroll.' and a graphic of two hands. Below the hands is a 'Status' field. At the bottom are 'Abort', 'Start', and 'Finalize enrollment' buttons. There are also checkboxes for 'Selected Fingers: None' and 'Currently Enrolled: 0'.

When the **Enrollment finalized** dialog screen appears click the **Close window** button.

Step 3: Provisioning the ProxBadge

Please contact the system administrator who must now provision the ProxBadge.
