

APPLICANT: Matsunichi Communication Holdings R&D (Shenzhen) Co., Ltd.  
FCC ID: XAJDM253

The theory of Mobile Hard Drive DM253:

1. MCU: responsible for communication with PC.
2. MCU crystal frequency is 25MHz.
3. Power circuit: to provide steady power to around circuit.
4. LED display: display current state of DM253.
