Request for Change in Identification

Pursuant to CFR § 2.933, ecom instruments GmbH hereby requests for change in identification.

This change is for application with FCC ID: WYPP23C001BB granted on 01/22/2010

This application is not for replacement of that FCC ID: WYPP23C001BB with a new one, but for adding an additional FCC ID. The new, additional FCC ID shall be XAM500019GR01, and it will be used along with the initial WYPP23C001BB to identify the same certified design.

There are no changes in design, circuitry or construction. Therefore test results of the original grant continue to be representative of and applicable to the equipment bearing the changed identification.

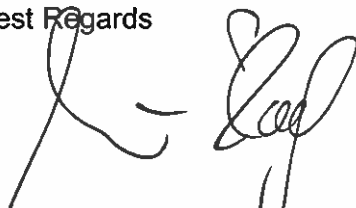

The following new exhibits will be uploaded:

- External Photos
- ID label with label location information
- Authorization of the original grantee
- User Manual

If you have any questions, please feel free to contact us at the address shown above.

Sincerely,

Best Regards

Martin Haaf, Business Unit Director Communication
