## PRODUCT GUIDE

We'd love to hear from you. Scan with your Walmart app and let us know what you think.

# Introduction

Thank you for purchasing the **onn.** tablet with Android™ 13 (Go edition).

Featuring a fast and responsive quad core processor, this tablet is perfect for accomplishing everyday tasks, streaming music and movies, taking photos, checking emails, and engaging with social media.

The tablet offers 64GB of internal storage, Bluetooth connectivity, Micro SD slot for up to 256GB of additional storage, on-the-go productivity services.

The following information will help you get the most out of your tablet.

What You Should Know to Ensure Best Performance:

- Charge the battery completely before first use.
- While updates download in the background, tablet performance can be affected until completed.
- Close unused applications. Open apps that run in the background will affect overall performance.
- Battery Consumption: Play times on a fully charged battery will vary depending on your display settings, apps that remain open, and internet use (e.g., streaming video content).
- It is recommended to use a tablet screen protector and tablet case to protect the tablets.

# Tablet Updates

To ensure the tablet runs smoothly it is recommended to perform periodic system software updates, especially during initial set up of the tablet. You may receive notifications (on the Lock screen) from time to time that software updates are available.

Tap the notification to be directed to the update.

Other options to access updates:

Tap on Settings  > System > System update.

NOTE: To perform an update, you must be connected to WiFi.

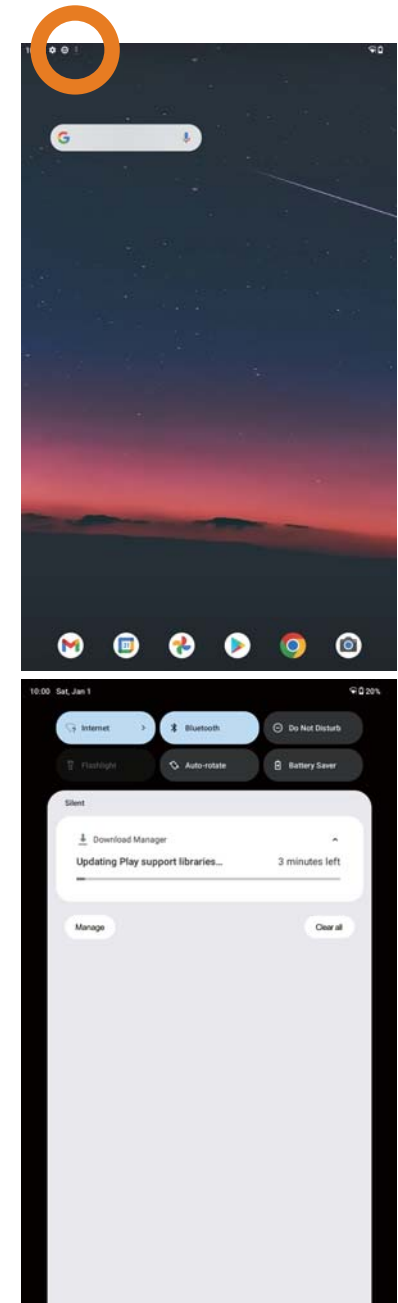

# Google Play Updates

The first time you sign in on Google Play, updates will automatically start downloading on to the tablet.

Installing a new application while multiple apps are downloading will reduce tablet speed and performance. After all downloads and updates have been installed, the tablet will resume normal operating performance.

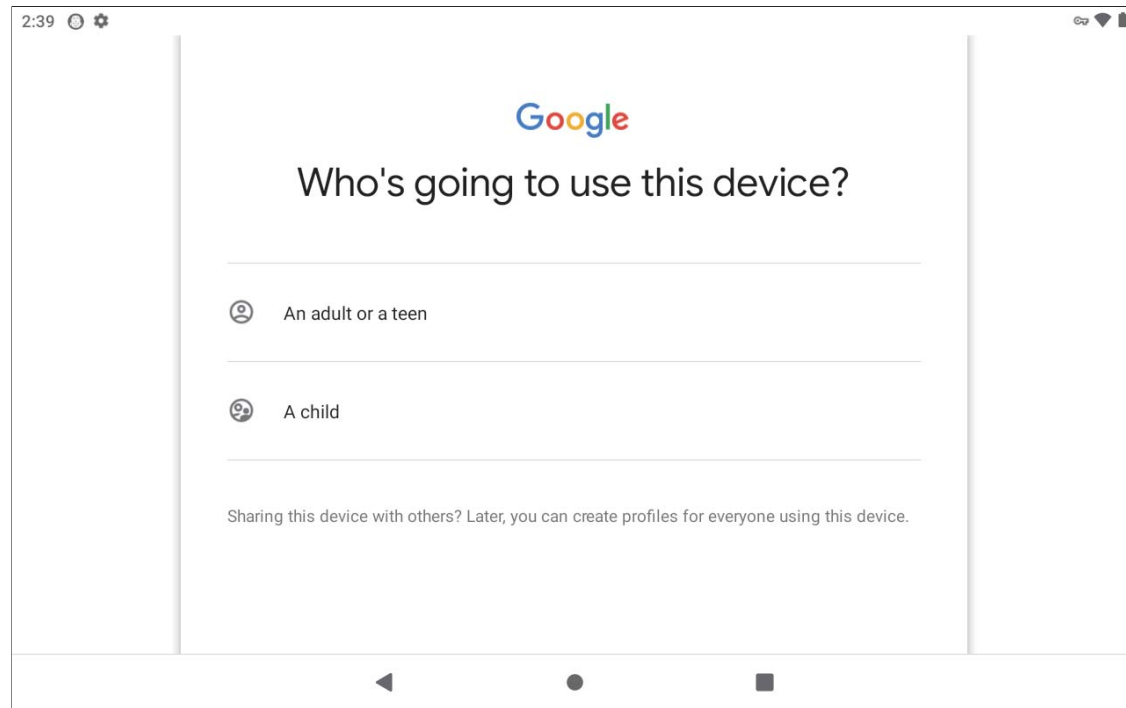

To view the progress of downloads working in the background, swipe down from the top edge of the screen.

Swipe left or right at the bottom edge : Switch among apps.

Swipe up from the bottom edge and hold : View recent apps.

# Connecting to the Internet

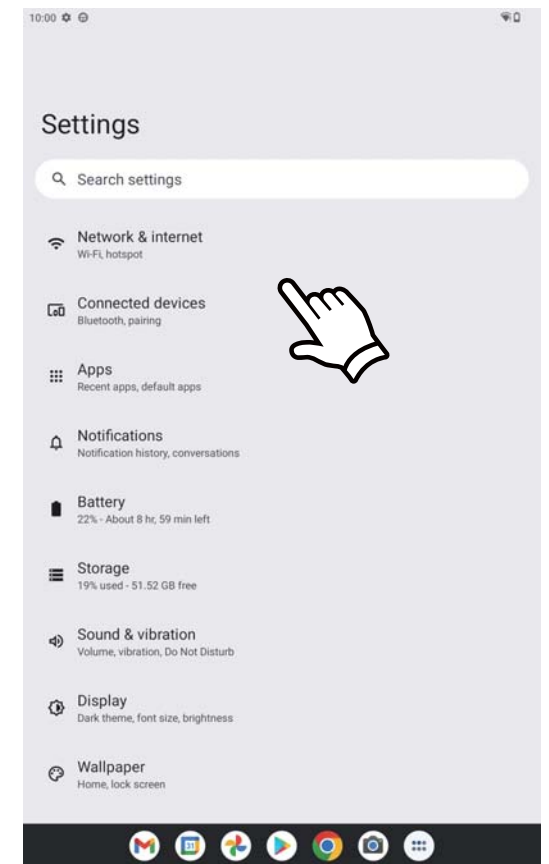

In order to connect to the internet, you will need the following:

- A wireless router or an access point with a broadband internet connection.
- The name of your network (SSID), as well as the password or other credentials, if your network is secure.

The wireless router must support WiFi 802.11 a/b/g/n/ac connections.

Go to Settings > Network & internet > Internet

Tap on WiFi to activate wireless connectivity. The tablet will scan for available WiFi networks within range. Secured networks will require a password. Once you have successfully entered your information the tablet will remember your settings.

# Connecting Bluetooth

Your tablet is compatible with Bluetooth capable devices. Once your tablet searches and finds the Bluetooth device, follow on-screen instructions to initiate the pairing of the device with the tablet. Add or "pair" a Bluetooth compatible device with your tablet as follows:

- 1) Turn on the compatible Bluetooth device and make it discoverable.
- 2) Open the Settings > Connected devices.
- 3) Tap on Pair new device to view available devices.

# Charging Your Tablet

It is recommended to fully charge the tablet before first use. To charge the tablet, 1) plug the USB cable into the AC adapter, 2) attach the other end to the USB-C input on the tablet, 3) plug the AC adapter into a wall outlet.

When the tablet is ON and charging, the battery icon will pulsate.

A complete battery charge may take up to 3 hours. It is normal for the tablet to get warm while charging, playing games, or streaming video.

Battery life will vary depending on usage.

Note: Leave tablet in a well ventilated area while charging.

# Important Safety Instructions

1. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
2. **WARNING:** Only use attachments/accessories specified or provided by the manufacturer (such as the exclusive supply adapter, battery etc). Use incorrect battery type for replacement may defeat a safeguard.
3. **WARNING:** The mains plug should be kept in a state that can be disconnected at anytime to avoid emergency situation.
4. **WARNING:** The apparatus should not be exposed to dripping or splashing. Objects filled with liquids, such as vases or drinking glasses, should not be placed on the apparatus.
5. **WARNING:** Disposal of a battery into fire or hot oven, or mechanically crushing or cutting of a battery, may result in an explosion.
6. **WARNING:** Leaving a battery in an extremely high temperature surrounding environment, such as sunshine, fire or hot surface may result in an explosion or the leakage of flammable liquid or gas.
7. **WARNING:** A battery subjected to extremely low air pressure may result in an explosion or the leakage of flammable liquid or gas.
8. **WARNING:** Please refer the electrical and safety information on tablet and user manual before installing or operating the apparatus.

Use the device where the ambient temperature is between 0° and 40° C (32° to 104° F) and altitude no higher than 2000 m (air pressure no less than 80kPa). Store or ship the device where the ambient temperature is between -10° and 50° C (14° to 122° F). Low-or high-temperature conditions might cause the device to change its behavior to regulate its temperature. Using your tablet in very cold conditions outside of its operating range might temporarily shorten the battery life and could cause the device to turn off. Battery life will return to normal when you bring the device back to higher ambient temperatures. Using the device in very hot conditions can permanently shorten battery life.

# Certification Information

## TÜV Rheinland Certification

The tablet is equipped with optional "Low Blue Light" mode. The harmful blue light can be reduced by simple set-up with this mode. The user can enjoy the screen time with less eyestrain and discomfort.

Low Blue Light Mode Setting Guide:

Settings > Display > Eye Comfort > TURN ON NOW

Tips for protecting user's eyes from Tablet screen:

1. Give eyes a much-needed break after using the screen for prolonged periods of time.
2. Look at something at least 20 feet away from the user for 20 seconds after looking at the screen for 20 minutes, which will help reduce eyestrain.
3. Reduce glare on the screen, and do some eyeball exercise to relax eyes during the break.
