Re: Tinno

FCC Part 15C Certification
Confidentiality Request

Gentlemen:

1. Long-Term Confidentiality

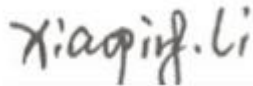

This letter is to comply with 47 CFR 0.457 and 0.459 pertaining to confidentiality material. Tinno requests that the following documents regarding this submission for FCC ID: XD6U202AA be kept confidential:

Exhibit Type	File Name
Block Diagram	Block Diagram.pdf
Part list	BOM.pdf

Those documents contain detailed system and equipment description and related information about the product which FCC ID: XD6U102AA considers to be confidential proprietary, a custom design and, otherwise, not releasable to the general public. Since this design is a basis form which future technological products will evolve, Tinno considers this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.
