

CRAFTMADE™

# WPS-100 Smart WiFi Wall Plug Installation Guide

# **WARNING: RISK OF ELECTRIC SHOCK**

This product installation requires  
handling 120 volt wiring.

Follow each step carefully.

If any concerns handling wiring,  
hire a qualified electrician.

Ensure all work meets local and  
federal regulations.

# Simple DIY Setup

- Download the Craftmade Smart app.
- Add your Craftmade Smart Plug to the Craftmade Smart app.

GET IT ON  
**Google Play**

Download on the  
**App Store**

# Compatibility Requirements

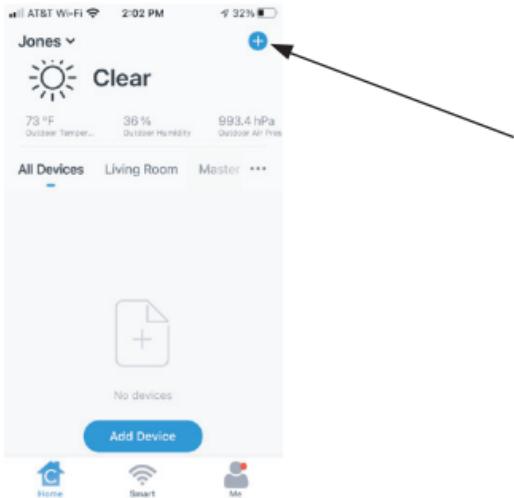

- Rating 120V AC 60Hz.
- Wi-Fi 802.11 b/g/n @ 2.4 GHZ is required.
- Works with compatible LED bulbs.
- 10A,1200W, General Use;1/3 HP motor

# Alternate Connection Procedure

## Smart mode networking

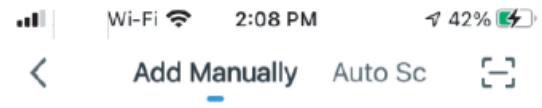

Preconditions: Connect to the load, reset state  
(reset state at load mode and the white light will flash,  
long press plug 10S to reset the load)

1. Click “+” in the upper right corner (or click Add Device)

## Alternate Connection Procedure (continued)

### 2. Select the device type as Socket (Wi-Fi)

Fan

Scenario  
Switch  
(Wi-Fi)

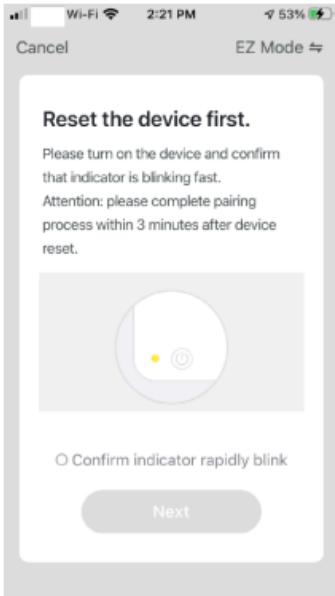

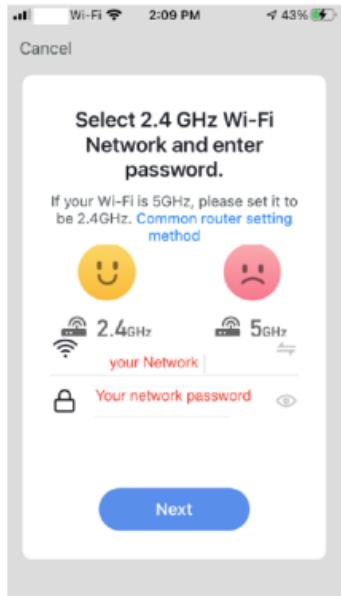

Switch  
(Wi-Fi)

Socket  
(Wi-Fi)

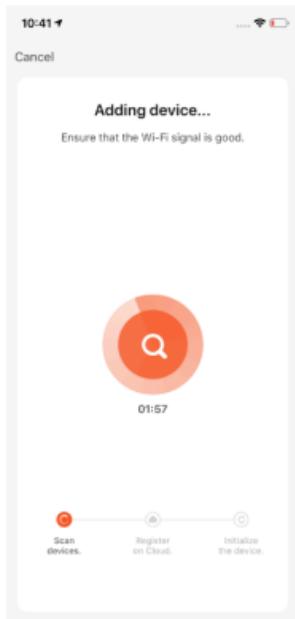

## Alternate Connection Procedure (continued)

3. Connect to Wi-Fi, enter the password of Wi-Fi account, and click “Next”.

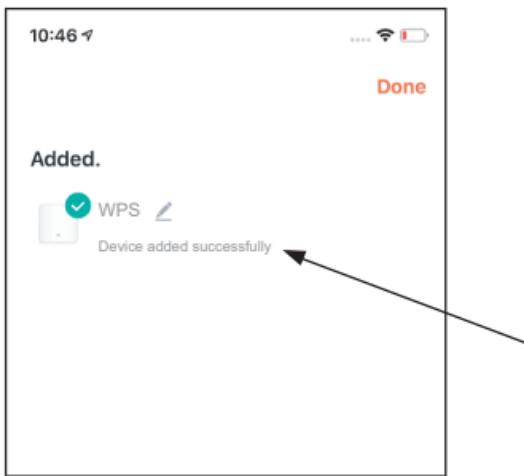

# Alternate Connection Procedure (continued)

## 4. The network is being distributed.

## Alternate Connection Procedure (continued)

5. Your device should show successfully added.

## Alternate Connection Procedure (continued)

6. Enter the device control page.

# Additional Information and Warnings

## FCC Compliance Statement Compliance Notice:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures.

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of FCC rules. Operation is subject to the following two conditions.

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications that are not expressly approved by the manufacturer could void the user's authority to operate the equipment.

CAN ICES-3 (B)/NMB-3(B)

Model: model no WPS-100

Certification number, 8351A-WPS100

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

To maintain compliance with the RF exposure guidelines, place the product at least 20cm from nearby persons.

Pour rester en conformité avec les consignes d'exposition aux RF, placez le produit à au moins 20 cm des personnes proches.

CAUTION: FOR CONTROL OF INCANDESCENT OR  
LED LUMINAIRES ONLY.

ATTENTION : POUR LA COMMANDE DE LUMINAIRES  
A INCANDESCENTS OU LED SEULEMENT

#### RF Exposure information:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. In order to avoid the possibility of exceeding the FCC radio frequency exposure limits, human proximity to the antenna shall not be less than 8 inches during normal operation.

#### RF Exposure statement:

This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This transmitter must be installed to provide a separation distance of at least 8 inches from all persons and must not be collocated or operating in conjunction with any other antenna or transmitter.

#### Déclaration d'exposition aux RF:

Cet équipement est conforme aux limites d'exposition aux rayonnements IC RSS-102 définies pour un environnement non contrôlé. Cet émetteur doit être installé de manière à fournir une distance de séparation d'au moins 8 pouces de toutes les personnes et ne doit pas être colocalisé ou fonctionner en conjonction avec toute autre antenne ou émetteur.

**CAUTION** – To reduce the risk of overheating and possible damage to other equipment. Do not install to control a receptacle or motor-operated appliance or transformer-supplied appliance.
