Troubleshooting

If you are unable to connect your headset and mobile phone, please try the

following:

- . Ensure your headset is turned off and is properly charged.
- . Ensure the headset is paired with your mobile phone.
- . Ensure your mobile phone's Bluetooth feature is activated. Please refer to your mobile phone user guide for specific instructions.
- . Ensure the headset is within a 10-meter range of your mobile phone and there are no obstructions, such as walls or other electronic devices in between.

If the above steps do not solve your problem, please recharge the headset and remove your mobile phone battery for a short time.

Safety Information

- . Check local laws regarding the use of mobile phones and headsets while driving. If you use the headset while driving, ensure your attention and focus remains on the road and you drive in a responsible and safe manner.
- . Never allow children to play with the headset. Small parts may be a choking hazard.
- . Observe all signs that require an electrical device or RF radio product to be switched off in designated areas. These could include hospitals, blasting areas, and potentially explosive environments.
- . Turn off your headset prior to boarding an aircraft. Do not use your

headset in an aircraft.

- . Never mount or store your headset over any air bag development area as serious injury may result when the air bag deploys.
- . No not open or mutilate the built-in battery.
- . Dispose of batteries according to local regulations. Do not dispose as household waste.

Care and Maintenance Headset

- . Consider turning your headset off before placing it in your pocket or bag. If the MBF is accidentally activated, your mobile phone may place an unintended call.
- . Do not expose the headset to liquid, moisture or humidity as it is not waterproof.
- . Do not use abrasive cleaning solvents to clean the headset.
- . Do not expose the headset to extreme temperature conditions. The best store temperature range is from -10° to $+60^{\circ}$, otherwise the life of the headset will be influenced.
- . Do not dispose of the headset in a fire as it this may result in an explosion.
- . Do not bring your headset into contact with sharp objects as this will cause scratched and damage.
- . Do not attempt to disassemble the headset as it dose not contain serviceable components..

. If you do not use the headset for long periods, be sure to store it in a dry place, free from extreme temperature conditions and dust.

Charging

- . Only use the manufacturer supplied charger when charging the headset.
- . Do not disassemble the charger as it may expose you to dangerous voltages and other risks. .Incorrect reassembly can cause electric shocks when the headset is subsequently used.
- . Do not use the charger outdoors or in damp areas.
- . Only charge the headset' s built-in battery in accordance with the instructions contained in this user guide.
- . Avoid charging the headset in extreme temperature conditions.

Built-in Battery

- . Do not attempt to replace the headset' s battery yourself as it is built into the headset and is non-changeable.
- . Charge the battery in accordance with the instructions supplied with this user guide.

Compatibility

Works with all Bluetooth-enabled phones and PDA.
