# BLUETOOTH HEADSET

## ► User Guide ◀

Model NO:Q3

[www.oricore.com](http://www.oricore.com)

Thank you for purchasing ultra-thin Bluetooth headset Q3. Smooth touching, easy operation and fashionable design make it the best choice for you. Prior to using the headset for the first time, it is recommended to fully charge the headset and pair it with your Bluetooth devices.

### 1.Q3 Bluetooth Headset Overview

1. LED Indicator
2. Volume+/Previous track
3. Volume-/Next track
4. Speaker
5. Microphone
6. Charging Socket
7. Multifunction button (MFB)

### 2, Charging Your Headset

When charging your headset, the LED indicator will keep displaying red. About two hours later once the battery is fully charged, the red LED will shut down.

### 3. Pairing Your Headset

Press and hold the MFB for 5 seconds until the red and blue indicator flash alternately. It enters the pairing mode.

Subsequent pairing:

- ①. Active Bluetooth function of your mobile phone.
- ②. Select "More" in the "New Pairing Devices" and choose "Q3"
- ③. Press "OK" in your mobile phone and enter PIN code "0000" to pairing it.

Note: Manual operation is needed for some devices though after pairing completed. It is not necessary to enter the code if your mobile phone Bluetooth version is 2.1 or higher.

### 4. Use your headset

#### Answering a call:

When a call is coming, press the MFB to accept the call or answer the call via your mobile phone.

#### Calling mute:

- During a call, double click the MFB to make the call mute.

#### End a call:

- During a call, click the MFB once to end a call.

#### Refuse a call:

- When a call is coming, double click the MFB to refuse the coming call.

#### Voice dialing:

- In standby status press and hold the MFB for 2 seconds, to achieve the best results, please record through your headphones first.

#### Last call redialing:

- In standby status, double-click the MFB button to redial the last call you made.

#### Volume Up:

- While playing music, click the volume "+" key to get volume up.

#### Volume Down:

-While playing music, click the volume "-" key to get volume down.

Warm remind: Adjust to a appropriate volume level, too loud volume may affect your hearing.

#### Play/Pause:

In music status, click the MFB to pause. Repeat to return to music.

#### Previous track:

-In music status, long press volume "-" to paly the previous song.

#### Next Track:

- In music status, long press volume "+" to paly the next song

#### Reset function:

When the headset buttons are not under your control, please charge it to reset.

#### Wearing style:

You can choose wearing ear hook or not.

If you use the ear hook, you can decide to wear it in your right of left ear.

### Troubleshooting

If you are unable to connect your headset with the mobile phone, please try the following steps:

- Ensure your headset is turned on and is fully charged.
- Ensure the headset has been paired with your mobile phone.

- Ensure your mobile phone's Bluetooth feature is activated. Please refer to your mobile phone user guide for specific instruction.

Ensure the headset is within 10 meters range of your mobile headset and there are no obstructions such as walls or other electronic devices.

If the above steps do not solve your problem, please recharge the headset and remove your mobile phone battery for a short time.

### Safely Information

Check local laws regarding the use of mobile phones and headsets while driving.

If you use the headset while driving, ensure your attention and focus remains on the road and you drive in a responsible and safe manner.

Never allow children playing with the headset small parts may be a choking hazard.

Observe all signs that require an electrical device or RF radio product to be switched off in designated areas. (These could include hospitals, blasting areas, and potentially explosive environments.)

Turn off your headset prior to boarding an aircraft. Do not use your headset in an aircraft.

Never mount or store your headset over any air bag development area as serious injury may result when the air bag deploys.

Do not open or mutilate the built-in battery.

Dispose of batteries according to local regulations.

Do not dispose as household waste.

### Maintenance

- Turn your headset off before placing it in your pocket or bag to avoid the MFB button is accidentally touched.
  - Do not expose the headset to liquid or moisture environment as it is not waterproof.
  - Do not use abrasive cleaning solvents to clean the headset.
  - Do not expose the headset to extreme temperature conditions. The best store temperature range is from -10 to +50, otherwise the life of the headset will be influenced.
  - Do not dispose of the headset in a fire as it may result in an explosion.
  - Do not bring your headset into contact with sharp objects as this will cause scratched and damage.
  - Do not attempt to disassemble the headset as it does not contain serviceable components.
- If you do not use the headset for long periods, be sure to store it in a dry place, free from extreme temperature conditions and dust
