

Federal Communications Commission
Authorization and Evaluation Division

Subject: Application for Permissive Change for FCC ID: XEY90164

To whom it may concern,

This device is requested to have permissive change. The device was originally authorized for the frequency range of 903.5 MHz to 914.9 MHz, in this request the device is permitted to operate between 902 MHz to 928 MHz. This Model Number is updated to the Model Number X9-RF-REC.

Only firmware was modified to extend the range of the frequency range. The hardware was not modified.

Sincerely,

Howard Rosen
