Object: Request for class II permissive change

To whom it may concern,

This is to request a class II permissive change for Redpine Wireless module model RS-WC301 granted under the FCC id : XF6-RSWC301 and IC id : 8407A-RSWC301.

Fresenius Kabi, medical devices manufacturer, intent on integrate this certified module in specific product of **AGILIA V2** trademark which are defined as below:

- Brand name: **AGILIA VP**, Version **MC WIFI**.
- Brand name: **AGILIA SP**, Version **MC WIFI**.
- Brand name: **AGILIA SP**, Version **TIVA WIFI**.

Each product may be plugged on a rack (also called **AGILIA LINK** or **AGILIA LINK+**). The considered worst case is when up to 8 products which have wireless module, are plugged on the rack.

Fresenius has nominated as its agent, the following accredited testing laboratory:

BUREAU VERITAS LCIE SUD'EST:

Address: ZI Centr'Alp - 170, rue de Chatagnon, 38430 Moirans, France

Phone : +33476073636

Fax : +33476559088

email address: anthony.merlin@lcie.fr

Redpine manufacturer agree to allow the class II permissive change on the FCC file XF6-RSWC301 and IC file 8407A-RSWC301.
