RE: Short Term Confidentiality Request For Model SENSEDW001 & SENSEWA001 FCC ID # XFT-SENSE001  
To Whom It May Concern:

In accordance with sections 0.457 and 0.459 of CFR 47, **Ooma** requests short-term Confidentiality of following sections of this application for a period of 45 days after grant is issued.

**Test setup photos**

**External photos**

**Internal photos**

**User's manual**

These documents contain detailed system and equipment descriptions and related information about the product, which **Ooma** considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, **Ooma** feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,

Must be signed by the applicant contact cited as technical or non-technical contact on the 731 form provided to MET Laboratories, or by the authorized agent if an appropriate authorized agent letter has been provided. Letters signed by the applicant should be placed on applicant letterhead.
