Letter of Equivalency

TUV Rheinland of North America, Inc.
1279 Quarry Ln, Suite A,
Pleasanton, CA 94566

April 22, 2022

To Whom It May Concern,

This letter is written to attest that the electrical circuitry and mechanical construction of the two Voyetra Turtle Beach wireless headsets models, Stealth 700P Gen 2 RX2 and Stealth700X-MAX-RX, are 100% identical in all electrical, RF and mechanical aspects except for the color of their plastics and the marketing name and model designations.

These differences are to allow for marketing to the various host gaming platforms in the video gaming market, such as the PlayStation and Xbox platforms.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tim Blaney', written over a horizontal line.

Tim Blaney
Compliance Manager
