

OPERATING INSTRUCTIONS

Carefully remove items from package.

The truck requires six "AA" 1.5V batteries (not included). The controller requires one 9V battery (not included). When changing batteries, adult supervision is required. Use alkaline batteries for the best performance.

Locate the battery door on the bottom of the car. Using a Phillips screwdriver, remove the screw. Lift up to access the battery compartment. Insert 6 "AA" batteries while observing the correct polarity.

Slide the battery door on the back of the controller down to open. Insert one 9V battery while observing the correct polarity. Replace the battery compartment door.

Switch both car and remote buttons to "ON" position. For best result use the car on hard surfaces such as wood or tile.

Pairing:

The Vehicle and Remote must be paired before driving.

1. Turn on the vehicle – its lights will light up.
 2. Turn on remote – its status light will flash.
 3. The lights on the Remote will stop flashing when they are paired.
- If you have more than one vehicle and remote, you must pair one first, and then you may pair others.

SAFETY PRECAUTIONS

- Do not operate during thunderstorms or rain.
- Avoid water, sand and snow when operating car.
- Do not submerge car or controller in water.
- Never operate your car on the street or highway.
- Never operate your truck in a confined or crowded area, and do not use people or animals as obstacles.
- Do not run car into furniture, objects or hard surface, as this will cause damage to both the objects and your car.
- Keep fingers, hair and loose clothing away from the tires, gears and motor while the car is switched to "ON".
- Do not leave car or transmitter near source of heat or under direct sunlight for long periods of time.
- Do not leave car or transmitter outside overnight. Dampness is harmful to interior components.
- Remove all batteries when not in use to avoid accidental operation.
- Adult supervision is recommended when operating this car.

BATTERY WARNING:

- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc), or rechargeable batteries.
- Alkaline batteries are recommended. Use only the specified voltage.
- Insert batteries using the correct polarity. Always use, replace, and recharge (if applicable) batteries under adult supervision.
- Do not charge with non-rechargeable batteries.
- Do not short-circuit the battery supply terminals.
- Do not dispose of batteries in a fire, batteries may explode or leak.
- Remove batteries before storing.
- Recycle or dispose of batteries according to federal, state, and local laws.
- Keep these instructions for future reference.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
