

Declaration Letter

Date: Nov. 3, 2011

American Certification Body, Inc.
6731 Whittier Avenue
Suite C110
McLean, VA 22101

Subject: FCC ID: XIA-3G36WV

To Whom It May Concern:

This is certifying that the NetComm model 3G36W-V hardware in production does not have any functional line ports. It follows that the finished product 3G36W-V (FCC ID: XIA-3G36WV) NetComm intends to market will not have line 1 and line 2.

The dedicated function of Line 1 and Line 2 will be disabled, and Line 1 and Line 2 are intended to be debugging before the product are being marketed.
