

## POA Letter

Date: 2023-08-17

We

Name: NetComm Wireless Pty Ltd

Address: Level 5, 18-20 Orion Road, Lane Cove, NSW 2066, Sydney, Australia

Product: Smart Installation Tool  
FCC ID: XIA-CTL2000  
Model No.: CTL-2000

There are some specific reasons for the dismissal request.

- 1) We initially certified the device with DTS (BLE) and DSS (BR/EDR) equipment classes. However, after certification was issued it was determined the BR/EDR (DSS) function would be disabled. Resulting in certification no longer being needed for the DSS equipment class.
- 2) We disable the BR/EDR function via software, no hardware modification.
- 3) When we sell with the BLE function only in the market, the end-users find that the device supports BR/EDR function on the FCC website, which may cause unnecessary customer complaints.
- 4) The equipment has not been marketed or sold in the US or sold in any other country labelled with the FCC ID.

Therefore, we authorize the following company to dismiss the DSS equipment class of the FCC ID: XIA-CTL2000.

Company name: Timco Engineering, Inc  
Address: 849 NW State Road 45, Newberry, Florida  
32669

Sincerely,

---
