# GETTING TO KNOW YOUR TABLET

**1. TOUCH LCD SCREEN:** Display screen that is also an input device to the tablet. The orientation of the display screen rotates with the tablet as you turn it.

**2. MICRO SD CARD SLOT:** Slot to insert the Micro SD Card.

**3. USB/CHARGE:** Using the USB cable, your tablet can be connected to the computer as device and to recharge the tablet.

**4. HEADPHONE JACK:** Audio output jack for earphone. **NOTE:** Speaker output is automatically disabled when headphone is connected to the tablet.

**5. MICROPHONE:** Used for audio chatting and sound recording.

**6. POWER BUTTON:** Press to turn the tablet on, or to turn the screen on and off (standby). Press and hold to access the power off menu.

**7. VOL- :** Decreases the volume.

**8. VOL+:** Increases the volume.

**9. CAMERA LENS:** Rear-facing camera.

**10. SPEAKER:** Exports sounds.

## Charging Your Tablet

---

You need to charge the tablet for at least 3 hours; however, we suggest that you charge the tablet overnight before you use it for the first time.

The Camelio™ Mini Tablet is supplied with a USB cable and AC Charger. Make sure your tablet is powered off. Connect the USB cable to your Tablet on one end and connect the other end of the USB cable to either your computer USB Port or to the AC Charger (which is then connected to an electric outlet). While charging, the screen displays a battery icon with a green indicator showing the battery status. When fully charged the battery icon appears completely green.

## Powering on Your Tablet

---

Once your tablet is fully charged, press and hold the **Power** button for 2 seconds to turn on your Tablet.

### **NOTE:**

- In order to power off our Tablet, press and hold the **Power** button for 2 seconds. A window appears with mode options. Touch **Power off**, and then touch **OK** to confirm.
- When your Tablet is in Sleep Mode, simply press the **Power** button to re-activate your Tablet.

## Locking and Unlocking Your Tablet

---

### *Locking Your Tablet*

After your Tablet has been powered on, to lock your Tablet quick press the **Power** button.

### *Automatic Lock / Sleep Mode*

Your tablet includes an Automatic Lock. After the tablet has been inactive for a period of time it will go into Sleep Mode. This saves battery power and requires a shorter activation time. This also automatically locks your Tablet and the Tablet Lock screen appears. In order to use your tablet you will need to unlock it.

## Unlocking Your Tablet

To unlock your tablet and activate the Home screen, touch and hold the **Lock** icon. When it turns into a circle drag it towards the right, to the **Unlock** icon. Once unlocked, the Home screen interface is activated.

**NOTE:** To unlock and activate the camera, touch and hold the **Lock** icon, and when it turns into a circle drag it towards the left, to the **Camera** icon.

## Selecting a User

If you have added multiple Users to your tablet, a User will need to be selected after the tablet has either been powered on or been in standby/sleep mode. If the selected User requires a password as set via the Parental Controls, the User will then be prompted to enter their password in order to unlock the tablet.

1. Unlock the Tablet after powering on or waking up the Tablet.
2. Once you have unlocked your tablet, the list of available Users appears.
3. Touch one of the User names listed to activate your customized tablet (as per the selected User's settings) and experience the ever changing world of the Camelio™ Mini Tablet!

# INITIAL SET UP

The first time you power on your tablet you will be taken through the initial setup. It is recommended to fully charge your tablet before first use.

## Select Language

Touch one of the language options to select the on screen language for your Camelio™ Mini Tablet. The language options include English, Spanish (SA), Portuguese (BR), French and German.

**NOTE:** You can set your tablet to other languages included in the tablet's Settings. This will only set the language for the Android Setup menus.

## Select WiFi

Touch one of the available WiFi connections listed on screen to select your network. If the WiFi connects automatically, touch **Connect**. If a password is required you will be prompted to first type in the WiFi password and then touch **Connect**. Touch **Next** to continue the setup.

**NOTE:** If you do not wish to select a network and connect to WiFi during the Setup just touch **Next**. The WiFi connection can be set at any time using the Android 'Wireless and Networks' **Settings** menu. Once the tablet is successfully connected to a network, the  WiFi icon appears on the bottom status bar.

## Set Up Date and Time

Use the automatic date & time setup (selected by default) or set the date and time manually. Touch **Finish** to continue.

## License Agreement

Review the End User License Agreement and then touch **I Agree** to continue to the Parental Control Setup.

## Parental Control Set Up

The Parental Control Set Up allows you to have full control of what your child can access on the tablet. The following options appear:

## Home Screen Features

---

The main Home screen is the main entry point to your Camelio™ Mini Tablet. The Tabbed Apps Manager allows you to easily organize and create shortcuts to your favorite applications. The bottom tool bar allows quick access to all the main functions on your tablet.

### Tabbed Apps Manager Shortcuts

Select the **Apps** tab to view, add and organize app shortcuts.

Select **Theme Manager** to switch your tablet to different purchased themes. This is included in the **Apps** tab.

Select the **Games** tab to view, add and organize app shortcuts to your favorite games.

Select the **Social** tab to view, add and organize app shortcuts to your favorite social apps.

Select the **Tools** tab to view, add and organize app shortcuts to your favorite tablet tool apps.

Select **Settings** to Add/Remove Apps, view the online User Manual, online Help and About.

See '**Tabbed Apps Manager**' for more details.

### Tool Bar Shortcuts

Select **Photo Editor** to edit photos, add frames and clipart items.

Select **Camera** to take pictures and record videos.

Select the **Apps screen** to access all the applications on your tablet.

Select **Contacts** to add and edit your contacts.

Select **Parental Control** to specify which applications can be used.

For more information about the Tool Bar features, please refer to the online User Manual.

# TABBED APPS MANAGER

The Tabbed Apps Manager allows you to easily organize and create shortcuts to your favorite apps. These apps can be added to the Home screen Tabbed Apps Manager. You can organize and manage your Apps by placing the shortcuts in the selected tab. The Tab Apps Manager includes the following tabs:

**Apps, Games, Social, Tools**

## Add App Shortcut Using the Tabbed Apps Manager

### 1. SELECT A TAB

First touch a Tab to select it. For example, the  **Apps** Tab is the default Tab and is selected in the image below. Then, touch the  **Add App** icon. The Add App icon appears when the Tab has room for additional shortcuts.

**NOTE:** You can also touch the  **Setting** icon on the Tabbed Apps Manager to add and remove App shortcuts. For more information, please refer to the online User Manual.

### 2. SELECT AN APPLICATION TO ADD

The list of the available Apps currently on your tablet appears on the screen. Touch an App to choose the one you would like to display in the selected Tab.

### 3. VIEW THE SHORTCUT

View the added shortcut of your selected App on the Tabbed Apps Manager.

## Add/Remove App Shortcut Using the App Settings

App shortcuts can also be added from the **App Settings** icon on the Tabbed Apps Manager. This also allows you to remove an App shortcut from the Tabbed Apps Manager.

### 1. ADD APP SHORTCUT TO SELECTED TAB

Touch one of the listed Apps to choose the one you would like to add.  
The App shortcut appears within the selected Tab.

- Touch the **App Settings** Icon to open the 'Settings' window.
- Touch **Add/Remove Apps** to open the 'Add/Remove Apps' screen.
- The list of current App shortcuts appears for each Tab.
- Touch the **+ Add App** icon (plus symbol) next to one of the listed App shortcuts to automatically add the selected App shortcut from the Tab.

### 2. REMOVE APP SHORTCUT FROM SELECTED TAB

To remove an App shortcut from the Tabbed Apps Manager:

- Touch the **App Settings** Icon to open the 'Settings' window.
- Touch **Add/Remove Apps** to open the 'Add/Remove Apps' screen.
- The list of current App shortcuts appears for each Tab.
- Touch the **- Remove App** icon (minus symbol) next to one of the listed App shortcuts to automatically remove the selected App shortcut from the Tab.

# PARENTAL CONTROL

 The Parental Control feature can be accessed during the initial tablet set up or after the initial set up by touching the **Parental Control** icon on the Tool Bar of the first Home screen. Alternatively, touch  **Android Apps** and then touch  **Parental Control** from the Android Apps list. The Parental Control allows you to specify which Apps can be accessed and used by each child. Once you activate Parental Control, add your user information and set your Lock Code, you can then control for each user which specific Apps can be launched with/without a code as well as control the usage time for all apps.

## 1. SELECT PARENTAL CONTROL ON/OFF

During initial set up of your tablet, the default setting is OFF. To activate the Parental Control, touch the 'Turn Parental Control On' **OFF** option to activate it **ON**. You may be prompted to register a Google account, if you have not already completed this. If so, touch **Register** to continue with the Google account registration, and then return to Parental Control Set Up.

## 2. SELECT PARENTAL CONTROL SET UP

Touch the **Set Up** button to continue the Parental Control set up.  
Touch the ? (**Question Mark**) button to view the online Help and About.

**NOTE:** As soon as Parental Control is set to 'ON', the following apps are locked and require the Parent Lock Code to enter:

- Parental Control App.
- 'Manage Users' from the Theme Manager App.

### 3. USER INFORMATION

You will be prompted to enter your information as the parent/ administrator. Enter your first name, last name and email and then touch  **Next** to continue.

**NOTE:** Your existing Google email or the new Google account you defined during the Initial Set Up will automatically appear. If you do not have a Google Account, you will be prompted to create a new account. A notification will be sent to your email Account with your user information: Name and Password.

### 4. SETTING THE LOCK CODE

Enter a 4-digit Parental Lock Code and touch **Next**  (from the onscreen keyboard). Then re-enter the Lock Code to confirm and touch **Done** (from the onscreen keyboard). Touch  **Next** to continue.

### 5. USER SETTINGS LIST

Each User appears with the following setting options:

-  **Unlock:** The default setting is Unlocked. This means no password is required to enter the selected user when launching the tablet or waking the tablet from Sleep Mode.
-  **Lock:** To enable password protection, touch the unlock icon and it will change to the **Lock** icon. This means that the password, as set for the selected user, will need to be entered when launching the tablet or waking the tablet from Sleep Mode.
-  **Set/Edit Parental Controls:** Touch the **Edit** icon to open the 'Select apps for safe environment' screen. This will enable you to set the Parental Controls for the selected user.
-  **Back:** Touch **Back** to return to the Parental Control Lock Code screen.
-  **Finish Setup:** Touch **Finish Setup** to save the Parental information and user lock settings. A message will be sent to your email with your user information and Parental Control Lock Code. Any time you change your user information or Lock Code and then touch **Finish Setup**, an email will be sent with the updated information.

## 6. SELECT APPS FOR SAFE ENVIRONMENT

Touch the **Edit** icon from the Parental Control User Settings list. If you have more than one user, make sure to touch the **Edit** icon that is displayed by the user for whom you want to set the controls. The 'Select apps for safe environment' screen opens. You can now set the Parental Controls for the selected user.

To change the setting for an application:

Touch **ON** or **OFF** button to the right of the App to toggle between the ON/OFF options and select the desired Parental Control lock setting for each app. Swipe your finger across the tablet to the right/left to view the continued list of Apps.

The following options are available:

- **OFF:** Indicates that the selected App will automatically launch without entering the Parental Lock Code. If you would like to quickly deactivate all Apps with the Parental Control Lock set to 'OFF' on all Apps, you can touch **Unselect All**.
- **ON:** Indicates that the Parental Control has been activated for the selected App and your Parental Lock Code is required to be entered in order to launch that App. When the user tries to launch the locked app, a 🚫 Parental Control notification appears in the status bar. Touch the 🚫 **Parental Control notification** icon to open the Unlock app screen and enter the Parental Lock Code. If you would like to quickly activate all Apps at once with the Parental Control Lock 'ON' you can touch **Select All**.
- **Select All:** All apps are set to 'ON'
- **Unselect All:** All apps are set to 'OFF'
- **Next:** Touch **Next** to continue to the 'Parental Daily Limits' settings.
- **Back:** Touch **Back** to return to the 'Select apps for safe environment' screen.

## 7. PARENTAL DAILY LIMITS

All applications that you have not locked with the Parental Control appear in the 'Parental Daily Limits' screen. This setting allows you to control the amount these unlocked apps can be used on daily basis (based on 24 hours).

To activate Parental Daily Limits:

- Activate the setting but touching the **OFF** button. The button then changes to the **ON** setting.
- Touch the **time** to the right of an application and set the time (Hour : Minutes).
- Touch **Done/OK** to set the daily time limits.
- Swipe your finger across the tablet to the right/left to view the continued list of Apps and set as desired.

When you have completed setting the apps to be locked, touch  Next to continue setting your Parental Controls.

## 8. GLOBAL TIME LIMITS

All applications that you have not locked with the Parental Lock Code apply to the 'Global Time Limits' setting. These settings allow you to control how many hours each user can use the tablet per day and per week.

The following options are available:

- **OFF:** The default setting is **OFF**. This indicates that there is no global time limit set.
- **ON:** Touch the **OFF** button to turn **ON**. When turned **ON**, the applications can be set to be in use as per Hours: Minutes. The default time is set to 24:00.
- **Time Limit Per Day:** The Global Time Limits allows you to set the access to apps for a specific number of hours per day. The time is accumulated based on the use of apps. The default is 24 hours.
- **Time Limit Per Week:** The Global Time Limits allows you to set the access for the specific number of days per week. The time is counted based on the use of applications Sunday through Sunday. The default is 168 hours.
- **Time Reminder:** Touch the time next to the 'Time Reminder' to add a notification that appears before the expiration time. The time can be setting according to Hours: Minutes (up to 24 hours).
-  **Finish Setup:** You must touch **Finish Setup** in the Global Limits screen in order to save all of the Parental Control Settings you have set for the selected user.

## 9. FINISH THE PARENTAL CONTROL SET UP

- Touch  **Finish Setup** from the Global Time Limits screen to save the Parental Controls you have set for the selected user and then return to the User Settings List screen.
- From the Users Settings List, touch the  **Finish Setup** to return to the Home screen.

# THEME MANAGER

The Theme Manager is a special feature that allows your Camelio™ Mini Tablet to change into your favorite character with a Theme App Card (may be included or sold separately – check the packaging of your tablet). You can add as many Themes as you like from a large catalog of characters such as Hello Kitty, My Little Pony, Avengers, WWE, Teenage Mutant Ninja Turtles and many more.

## 1. LAUNCH THE THEME MANAGER

To open the Theme Manager App options, touch the  **Theme** shortcut icon on the 'Apps' Tabbed Apps Manager from the first Home screen.

**NOTE:** Make sure your tablet is connected to a WiFi network.

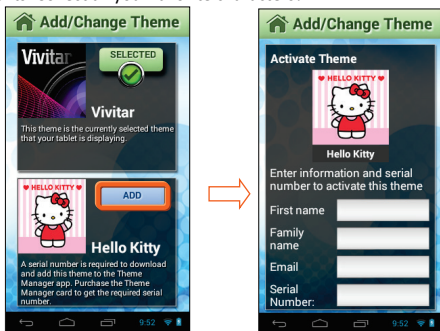

## 2. ACCESS THE ONLINE CATALOG

From the 'Theme Manager' screen, touch the **Add/Change Theme** button to open the online catalog of Themes. From this online list, you can choose to add and download new Themes. You can also select a purchased Theme and switch your tablet to that Theme.

### 3. ADD AND ACTIVATE A NEW THEME

- **ADD:** To add a new Theme, touch the **ADD** button by the selected Theme. The 'Activate Theme' screen appears.
- **ACTIVATE NEW THEME:** Enter your first name, family name, email and serial number. Touch **Done** (from the onscreen keyboard) once you have completed entering the information.  
**NOTE:** The serial number is included on your purchased Theme App Card.
- Touch the **OK** button to download and begin using your newly added Theme. Keep in mind that the download process may take several moments. Collect all your favorite characters!

### 4. PURCHASED THEME

Once the download is complete the button by the new Theme changes from **ADD** to **PURCHASED**. This identifies a Theme that you have purchased and a Theme that can be applied to your Tablet at any time.

## 5. CHANGE A THEME

The Vivitar Theme is the default Tablet Theme and is automatically selected upon initial use. The Vivitar Theme automatically displays the **SELECTED** button. This indicates the current, selected Tablet Theme.

Once you have purchased and added new Themes you can change the Theme at any time by touching the **PURCHASED** button of the Theme you want. The selected Theme will then appear with the highlighted **SELECTED** button and your tablet will automatically change into the Theme you have selected.

**NOTE:** The Home screen functionality is identical on all the different themes.

## 6. NEW THEME

Once you have selected a new Theme, your tablet is now personalized and activated with this Theme. To add and change Themes, follow the instructions as described in the previous steps. Remember, you can add as many Themes as you like from a large catalog of characters.

**NOTE:** A Theme can be selected for a specific User and can be changed for each user at any time. See the **'Add Users'** section for more details.

Current Theme - Vivitar:

New Theme – Hello Kitty:

# ADD USERS

You can add up to five different users (and an additional parent user) on your Camelio™ Mini Tablet. Each user can have his/her own Theme, profile picture, application favorites displaying on the Tabbed Apps Manager and Parental Control settings.

## Adding a New User

### 1. LAUNCH THE THEME MANAGER > MANAGE USERS:

To manage the users of your Tablet, touch the  **Theme Manager** app shortcut icon on the 'Apps' Tabbed App Manager from the Home screen. Once the Theme Manager app is open, touch **Manage Users**.

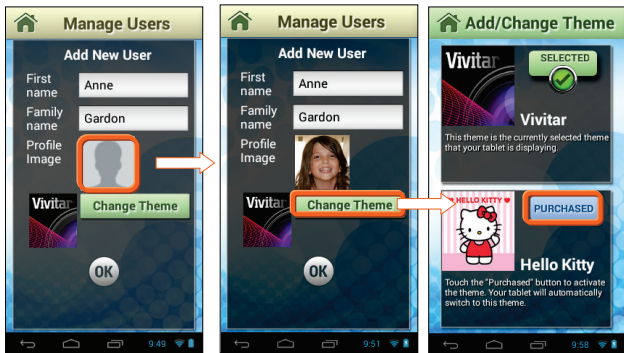

### 2. ADDING FIRST NEW USER:

The first time you activate the **Manage Users** feature, the 'Add User' screen appears. You will be prompted to add a Name, Profile Image, and select a Theme. Touch **Add User** to add a new user.

- **ADD A NAME**

Enter the user's first name and last name.

When complete touch **Done** from the onscreen keyboard.

- **SELECT A PROFILE IMAGE**

You can change the default profile picture by touching the Profile Image itself and selecting an existing photo on your Tablet (from the Gallery, Photos or Documents).

- **SELECT/CHANGE A THEME**

The current Theme for the User appears by the Profile Image.

Touch **Change Theme** to open the 'Add/Change Theme' options. The current theme is displayed with the **Selected** button and check mark icon. If you have already purchased and added a new Theme, the Theme is displayed with a **Purchased** button. To change to a different Theme, touch a **Purchased** Theme button. See **'Theme Manager'** for more information on how to add new Themes.

**NOTE:** The default Theme is the 'Vivitar' Theme. If you have not yet purchased additional Themes, the Vivitar will be the available Theme.

- **COMPLETE THE ADDITION OF THE NEW USER**

Once you have entered the User first and last name and selected a Profile Picture and Theme, touch **OK** to create the new User.

**NOTE:** If you have selected a different Theme, your chosen Theme automatically appears on your Tablet after you have touched **OK**.

## Additional Users

---

### Add More Users

1. Touch the  **Theme Manager** app shortcut icon on the 'Apps' Tabbed App Manager from the Home screen to open the 'Theme Manager' screen.
2. Touch **Manage Users** to open the 'Manage Users' screen. The current User is highlighted.
3. Touch **Add User** to open the 'Add New User' screen. Follow the steps above to define the new user's First/Last Name, Profile Image, and Theme.  
**NOTE:** You can include up to five new Users (not including the parent user).

### Delete a User

1. Touch the  **Theme Manager** app shortcut icon on the 'Apps' Tabbed App Manager from the Home screen to open the 'Theme Manager' screen..

2. Touch **Manage Users** to open the 'Manage Users' screen. The list of available Users is shown with the current User highlighted.
3. Touch a User's name from the list to select and highlight it.
4. Touch **Delete** to automatically delete the selected User.  
**NOTE:** A parent user cannot be deleted, or if there is no parent user, the first added user cannot be deleted.

## Switch User

1. Touch the  **Theme Manager** app shortcut icon on the 'Apps' Tabbed App Manager from the Home screen to open the 'Theme Manager' screen.
2. Touch **Manage Users** to open the 'Manage Users' screen.
3. The list of available Users is shown with the current User highlighted. That User's Theme is also displayed. If you have more than three users, scroll down/up to see the other users.
4. Touch the desired User Name to select and highlight that User from the list of Users.
5. Touch **Switch to this User**.
6. Your tablet automatically changes and opens to the Home screen of the selected User's Theme and settings.

For further information regarding the Camelio™ Mini Tablet features, please refer to the online User Manual.

The User Manual can be accessed from the App Settings: Touch **Settings** and then **User Manual**. Your tablet must be connected to a WiFi network to access the online User Manual.

## FAQ

**Q: Why isn't my tablet turning on?**

A: Before using your tablet, it is necessary to charge its internal battery using the included charger. For best results, give your tablet an extended overnight charge before using it for the first time.

**Q: I am having difficulties connecting to the Internet. What should I do?**

A: In order to access the Internet using your tablet, you will need to connect to the nearest Wi-Fi network. *Note* that some networks require you to enter a password. Talk to the network administrator of that Wi-Fi network for password information. Consult the full User's Manual of your device for precise information on connecting to Wi-Fi. Unfortunately, if your device is out of the range of any nearby networks you will not be able to access any online features.

**Q: I am having issues with an app which I have downloaded. What should I do?**

A: For support on any third party apps, software or accessories, you will need to contact the company, the software developer or manufacturer for support.
