

Zaragoza, 24th June 2014

To whom it may concern,

With this official letter we are requesting to move the existing Libelium technical manual on the FCC website to a confidential operational description exhibit, and to replace it with the new manual.

We also acknowledge that Libelium is aware that the previous version of the manual was available publicly since the grant was issued.

David Gascón

Chief Technical Officer

Libelium Comunicaciones Distribuidas S.L.
