Laser Aperture

DANGER - Laser Radiation when open.
AVOID DIRECT EXPOSURE TO BEAM.

NOTICE: Lasers should not be projected at or within the flight path of an aircraft within 10 nautical miles of an airport. If your intended surface is within 10 nautical miles of an airport, lower the angle of the Star Shower® Ultra 9 so that no lasers point into the sky.

READ AND FOLLOW ALL SAFETY INSTRUCTIONS
Model: 16158-AC/DC
Input: 100-240VAC, 50/60Hz, 0.4A Max
Output: 5VDC, 1.5 A

IMPORTANT SAFETY INSTRUCTIONS
When using electrical products, basic precautions should always be practiced including the following:

1. Read and follow all safety instructions.
2. Read and follow all instructions that are on the product or provided with the product.
3. Reference the National Electric Code, ANSI/NFPA 70, specifically for the installation of wiring and clearances from power and lighting conductors.
4. Installation work and electrical wiring must be done by qualified person(s) in accordance with all applicable codes and standards, including fire-rated construction.
5. For a direct plug-in power unit, do not install or use within 10 feet of a pool.
6. For a direct plug-in unit, do not use in a bathroom.
7. **WARNING:** Risk of Electric Shock. When used outdoors, install only to a covered Class A GFCI protected receptacle. If one is not provided, contact a qualified electrician for proper

installation. Ensure that the power unit and cord do not interfere with completely closing the receptacle cover.

8. **WARNING:** Risk of Fire. Installation involves special wiring methods to run wiring through a building structure. Consult a qualified electrician.

9. **WARNING:** Do not use with receptacles that are weatherproof only when the receptacle is covered (attachment plug cap not inserted and receptacle cover closed).

10. This unit is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the unit.

11. Don't operate unit with damaged plug.

12. Don't disassemble charger. Disassembly may result in a risk of electric shock or fire.

13. To reduce the risk of electric shock, unplug the charger from the outlet when not in use.

14. Don't operate unit if it has been subjected to damage in any way.

WARNING

HARMFUL IF SWALLOWED. KEEP BATTERIES AWAY FROM CHILDREN. STORE OUT OF REACH OF CHILDREN. THIS PRODUCT IS NOT A TOY.

- **SUFFOCATION/CHOKING HAZARD:** To avoid danger of suffocation or choking, keep plastic bags away from babies and children.
- **DO NOT** operate in the presence of flammable fumes or liquids or explosive materials.

WARNING: STAR SHOWER® ULTRA 9 CONTAINS A SEQUENCE OF FLASHING LIGHTS WHICH MAY AFFECT CUSTOMERS WHO ARE SUSCEPTIBLE TO PHOTOSENSITIVE EPILEPSY OR OTHER SENSITIVITIES.

This item is not a toy and should be used for decorative purposes only.
WARNING: The light is very bright. Do not shine directly into eyes.

Instructions for Use:

1. Remove all Star Shower® Ultra 9 components from packaging, saving packaging to store Star Shower® Ultra 9 safely when not in use.
2. Determine a location for Star Shower® Ultra 9 that is free from visual obstructions between Star Shower® Ultra 9 and your intended surface so the laser lights project clearly.

Distance to Surface	Coverage
10 feet	206 sq. ft.
20 feet	824 sq. ft.
25 feet	1288 sq. ft.
30 feet	1854 sq. ft.
35 feet	2524 sq. ft.
40 feet	3296 sq. ft.

Instructions for Use with Remote:

Remote must be paired with Star Shower® Ultra 9 BEFORE USE.

1. To prepare the remote control, remove the battery spacer (Fig. 3), and check that the battery is working. To check: Press the remote control and check if the indicator light on the front of the remote control is on.
2. Plug Star Shower® Ultra 9 into a power source. Turn on to ensure that the light is already working.
3. After plugging in, press and hold the remote control power button for 5 seconds to pair (Fig. 4). Do not release the button during the pairing process until the laser light flashes once after the pairing is successful.
4. To activate the 9 functions of this unit, use remote to select desired function (Fig. 5). "G" represents Green lights. "R" represents Red lights. "GR" represents both Red and Green lights. Remote is omnidirectional and can therefore be used from any side of the Star Shower® Ultra 9. The range of the remote is 26 feet in unobstructed settings.

For use without remote, press the red and white Function Selection Button on the back of the unit. Continue to press until desired setting is reached (Fig. 6). To turn off, press the red and white Function Selection Button 10 times.

1 Red/Green Lights Motion	6 Green Lights Blinking
2 Red/Green Lights No Motion	7 Red Lights Motion
3 Red/Green Lights Blinking	8 Red Lights No Motion
4 Green Lights Motion	9 Red Lights Blinking
5 Green Lights No Motion	10 Off

Replace Batteries

Star Shower® Ultra 9 comes equipped with a CR2025 3V Lithium Battery in the remote. In the event that the battery needs replacing, release the back of the remote following the arrows on the remote. Then replace with a new CR2025 3V Lithium Battery and close the back of the remote back up.

Helpful Hints:

- Star Shower® Ultra 9 lights will appear brightest in the dark and may look dimmer if there are competing sources of light, like street lights and porch lamps.
- Star Shower® Ultra 9 is intended to operate in temperatures from -30°F to 100°F (-35°C to 40°C). At or below freezing temperature, Star Shower® Ultra 9 may take up to 10 minutes to warm up and reach its full projection strength.
- If Star Shower® Ultra 9 does not pair with the remote in the first 30 seconds, unplug and start the process over.

CAUTION:
Do not use Star Shower® Ultra 9 in any manner other than that intended by manufacturer to avoid exposure to hazardous laser radiation.
Do not intentionally shine into eyes or face.
Do not attempt to open the housing of Star Shower® Ultra 9 under any circumstance.

Caution: The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
