

Statement

We Quectel Wireless Solutions Co., Ltd declare the following models as series application.

Name: LTE Module

Model number: EC25-AF, EC25-AF MINIPCIE

EC25-AF and EC25-AF MINIPCIE are all LTE modules. They support the same frequency bands, use the same chipset and share the same software&hardware design. The main difference is on the carrier board.

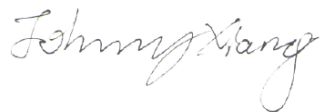

EC25-AF MINIPCIE makes up of EC25-AF module and PCIe transferred board.

The transferred board switches EC25-AF module to follow PCI Express Mini Card 1.2 standard connector protocol. No any other internal changes in EC25-AF module.

We hereby state that two models are identical in interior structure and components, and just connector interface is different for the marketing requirement.

Your assistance on this matter is highly appreciated.

Sincerely,

Signature:
