Re: Certification for Lippert Components 23827, 11612

IC: 23958-ID220828

If necessary, we have enclosed application materials for certification of Lippert Components 23827, 11612. It has been verified to comply with ISED RSS-210v10/GENv5.

Current Variants:

There are two variants of the EUT which employ identical hardware and modulation, but with slightly different encoding as programmed in firmware.

If there are any questions regarding the application or testing performed, please contact us at the above address or call (734) 252-9785, or e-mail info@wrtest.com.
