To whom it may concern:

I hereby confirm that the NXP part (Part number JN5148/TIGO-COMM-02), which is marked on the device as "TIGO-COMM-02 " is identical in every respect with the JN5148-001 standard device available from NXP apart from the product marking. The product marking is altered solely to protect the identity of the chip.

A handwritten signature in blue ink, appearing to read 'Conrad Farlow', is written over a horizontal line.
