

ANIMO™ GPS - iGT02

IMPORTANT SAFETY INFORMATION

It is your responsibility to exercise discretion and observe all safety measures required by law and common sense. Please read the following information carefully and retain this manual for future reference.

This product is a body worn device and intended for use by domestic pets only.

Do not use this product if parts are missing, damaged or worn as the product's performance and/or safety may be compromised.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

WARNING

Animo GPS is not a toy. Do not allow children to play with the Product.

Your Animo GPS includes some small components. To avoid the risk of choking take care to keep any loose parts away from young children or pets and dispose of all packaging appropriately.

Cleaning and user maintenance should not be undertaken by children without supervision.

Maximum operating temperature 40°C (104°F). Maximum battery recharging temperature 35°C (95°F).

CHILD PROOFING

In households with young children, you must include the Animo GPS in childproofing considerations. Misuse of this product by a child may result in persons coming into contact with potential dangers.

Your Animo GPS may be recharged from a good quality 500 mA 5 V USB socket using the cable provided.

This product is powered by an internal rechargeable Li-Po battery to which the user has no access.

Important: There are no user serviceable parts in the enclosure.

Only use approved Sure Petcare accessories and spare parts with your Animo GPS.

PETS: To Ensure Your Pet's Safety

The accuracy of the Product and Application is not intended to match medical, veterinary or scientific measurement devices.

Product Care

Clean regularly with pet-friendly cleaning products or a damp cloth.

After exposure to saltwater rinse in fresh water.

Inspect product regularly to ensure collar mounting plate and silicone band are in good working order.

Disposal of Old Products

Disposal of Products and used Batteries: This icon indicates products subject to the following legislation:

This product is subject to Directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE) and other Environmental legislation.

This requires households to dispose of electrical products and waste batteries in an environmentally responsible manner. These items should not be placed in household waste bins and must be recycled at an appropriate recycling facility.

CONTAINS LITHIUM-POLYMER BATTERY. BATTERY MUST BE RECYCLED OR DISPOSED OF PROPERLY.

Press **menu** ≡ → press **About** → press **Regulatory Information**.

FCC and ISED Compliance

FCC ID: X09-IGT02

IC: 8906A-IGT02

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de classe B est conforme à la norme canadienne ICES-003.

SureFlap Ltd has not approved any changes or modifications to this device by the user. Any changes or modifications could void the user's authority to operate the equipment.

SureFlap Ltd n'approuve aucune modification apportée à l'appareil par l'utilisateur, quelle qu'en soit la nature. Tout changement ou modification peuvent annuler le droit d'utilisation de l'appareil par l'utilisateur

This device complies with Part 15 of the FCC Rules and Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This device complies with FCC/ISED radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines and RSS-102 of the ISED radio frequency (RF) Exposure rules. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Le présent appareil est conforme à l'exposition aux radiations FCC / ISED définies pour un environnement non contrôlé et répond aux directives d'exposition de la fréquence de la FCC radiofréquence (RF) et RSS-102 de la fréquence radio (RF) ISED règles d'exposition. L'émetteur ne doit pas être colocalisé ni fonctionner conjointement avec à autre antenne ou autre émetteur

RF Exposure - This device has been tested for compliance with FCC RF exposure limits in a portable configuration. This device must not be used with any other antenna or transmitter that has not been approved to operate in conjunction with this device.

For body-worn operation, the device Animo GPS has been tested and meets the FCC RF exposure, the maximum SAR value is 1.304 W/Kg at 0mm. Animo GPS, when used with an accessory designated for this product or similar accessory, may be used at position 0mm from the user's and/or dog's body.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
