

## EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

**Conducted Emission  
Test Setup**

**Radiation Emission Test  
Setup (Below 30MHz)**

<p><b>Radiation Emission Test Setup (30MHz to 1GHz)</b></p>	<p>A photograph of a radiation emission test chamber. The walls are covered with white absorber panels arranged in a grid pattern. A white table is positioned in the center, with a computer monitor on it. Blue and white striped caution tape is placed on the floor around the table. A white railing is visible in the foreground.</p>
<p><b>Radiation Emission Test Setup (1GHz to 18GHz)</b></p>	<p>A photograph of a radiation emission test chamber. The walls are covered with white absorber panels arranged in a grid pattern. A white table is positioned in the center, with a computer monitor on it. A red and white striped caution tape is placed on the floor around the table. A black antenna is visible in the foreground, pointing towards the table. A black absorber mat is visible in the foreground.</p>

**Radiation Emission Test Setup (Above 18GHz)**
