

<p style="text-align: center;">Solder Board-Component View 6</p>	 <p>A photograph of a green printed circuit board (PCB) component, labeled as view 6. The board is rectangular and features several gold-colored pads and components. Two prominent gold pads are located on the left and right sides, each containing three circular solder points. The board is placed on a blue textured surface next to a black L-shaped ruler for scale. The ruler shows measurements in millimeters, with the horizontal scale at the bottom and the vertical scale on the left.</p>
<p style="text-align: center;">Solder Board-Component View 7</p>	 <p>A photograph of a more complex green PCB component, labeled as view 7. This board is populated with numerous electronic components, including a large black heat sink in the center, various integrated circuits, capacitors, and connectors. It is placed on a blue textured surface next to a black L-shaped ruler for scale. The ruler shows measurements in millimeters, with the horizontal scale at the bottom and the vertical scale on the left.</p>
