

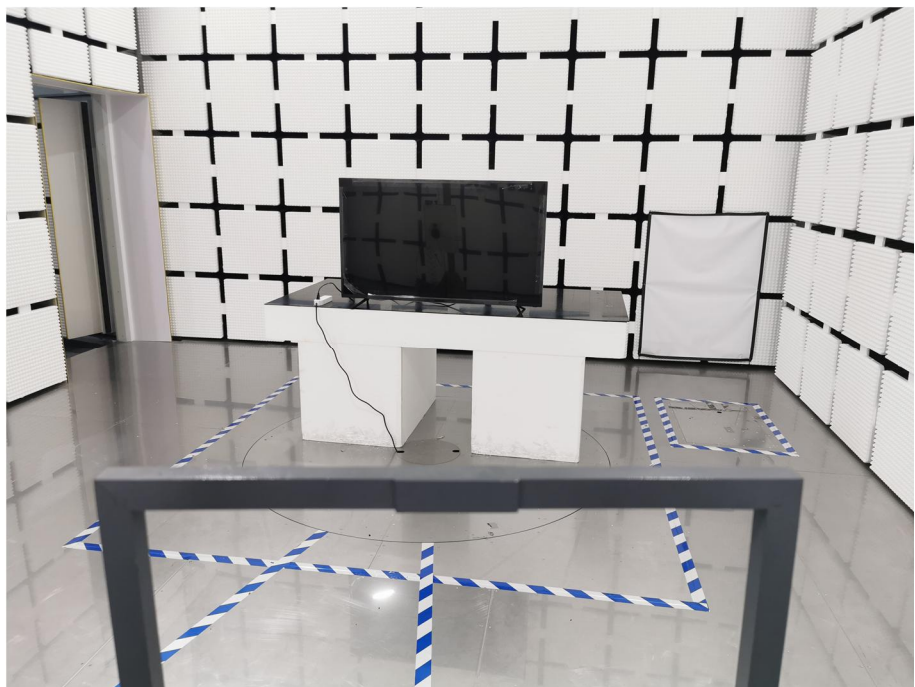

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

**Conducted Emission
Test Setup**

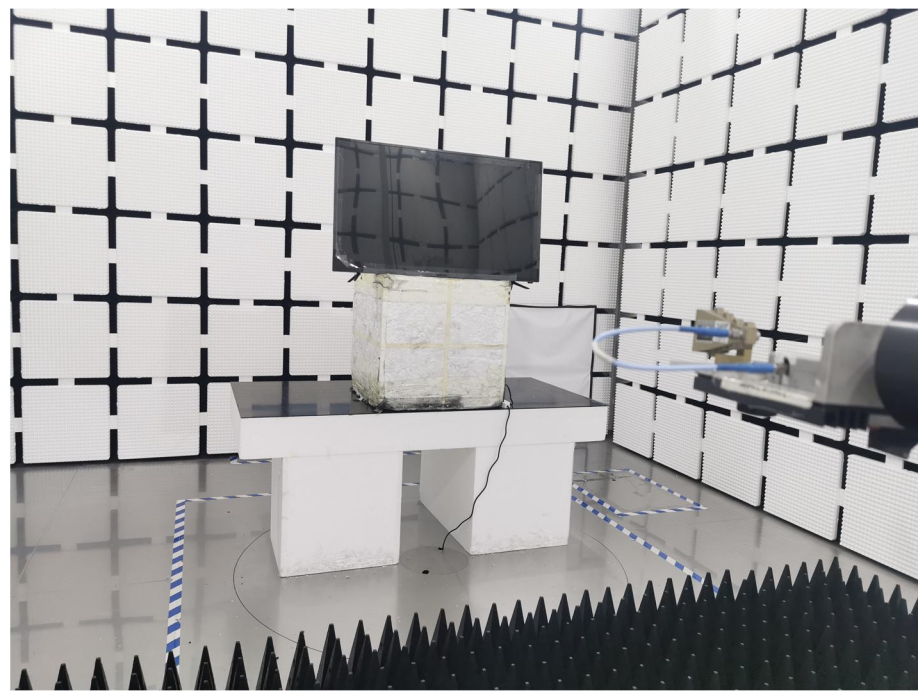

**Radiation Emission Test
Setup (Below 30MHz)**

<p>Radiation Emission Test Setup (30MHz to 1GHz)</p>	<p>A photograph of a radiation emission test chamber. The walls are covered with white pyramidal absorbers. A black monitor is placed on a white table. A blue and white striped safety tape is stretched across the floor. A metal railing is visible in the foreground.</p>
<p>Radiation Emission Test Setup (1GHz to 18GHz)</p>	<p>A photograph of a radiation emission test chamber. The walls are covered with white pyramidal absorbers. A black monitor is placed on a white table. A red shield is visible in the foreground. A blue and white striped safety tape is stretched across the floor. A black antenna is visible in the foreground.</p>

**Radiation Emission Test
Setup (Above 18GHz)**
