Re: Change of Identification Authorization, TFB-BLECA:

Dear FCC:

This letter grants authorization for representatives of Tru-Test Limited to apply to the FCC for a change in identification as specified under 47CFR 2.933 of the FCC Rules.

This authorization applies to LS Research, LLC, FCC ID: TFB-BLECA, granted 9/25/2013

All LS Research, LLC systems information deemed confidential during our original submission must remain confidential.

We are aware that Tru-Test Limited intends to market the above referenced product under their own FCC ID: XOQTIWIBLECA

The model in this filing is electronically the same as the original model. The original test report data applies to this application as well as the original application.

Sincerely,

A handwritten signature in black ink, appearing to read 'Bill Steinike', with a stylized flourish at the end.

William Steinike
