Subject: Limited Modular Approval for FCC: XPB-COMAD400V3

To Whom It May Concern:

Schlage Lock Company is seeking LMA approval on the COMAD400V3 900 MHz Communications Board Module. The module is approved ONLY for use by Schlage Lock Company in our products, and the module is not intended for sale to the third parties.

The COMAD400V3 900 MHz Communications Board Module is controlled by proprietary firmware. The end-product customer cannot adjust firmware to operate the device on any other regulatory frequency bands, modulation types, bandwidth, power, etc. outside of the FCC approved modes as granted.

Thank you,
