Address	20270 NW Amberglen Court
City, State, Zip	Beaverton, OR 97006
Job Number	INTE5170
Model	Clane
FCC ID	XPC-CLANE
Agent	Debbie Jackson-Shannon
Approval Type	Original
Equipment Class	DTS - Digital Transmission System
Rule Part	15.247

Overview

Application for original grant of a part 15 transceiver operating in the 2.4 GHz band under 15.247. The radio on this sensor is based on the G2C501 low power WiFi 802.11b chip. The applicant is requesting a Limited Modular Approval for the device. It meets all but the shielding requirements of a modular approval, such that LMA would apply. The applicant has provided a letter supporting the Limited Modular Approval.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

A modular approval letter was submitted with the application stipulating compliance with the requirements for limited modular approval.

Note: Requesting Short Term Confidentiality

Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
