Application to Class II Permissive Change

Company name: u-blox AG

FCC ID: XPYMAYAW2A

This request is to add a M.2 card product, called M2-MAYA-W271, using one of the already certified modules, MAYA-W271-00B, to the existing FCC ID: XPYMAYAW2A.

This M.2 card consists of the module assembled on a board with a M.2 Key E interface and presents therefore the same features as the module.

It is intended to include in this Permissive Change the same antenna as the one included in the initial module certification

Thank you for your attention to this matter.

Yours Sincerely,

u-blox AG
Zürcherstrasse 68
8800 Thalwil
Switzerland

Filip Kruzela
Certification Manager, u-blox AG
