# EXHIBIT 1 - PRODUCT LABELING

Proposed FCC ID Label Format

> ### FCC ID: XPYUBX19KM01

Specifications: Due to the small size of the device, label will be placed on the packing box and at the user manual to ensure that the label will be readily visible at the time of purchase.

This device complies with part 15 of the FCC Rules.
Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received,
including interference that may cause undesired operation.

FCC CE 🗑

Specifications: Users must be able to access the regulatory information without requiring special access codes or permissions, and in all cases the information must be accessible in no more than three steps from a product's main or home menu. Products must not require special accessories or supplemental plug-ins (e.g., the installation of a SIM/USIM card) to access the information. The FCC ID or other information must be displayed electronically in a manner that is clearly legible without the aid of magnification. Both regulatory information and dedicated exclusive application(s) or script(s) must be secured and implemented in a factory-set-unalterable format. When e-labeling is used, a physical temporary label is also required on the product, or a label on the packaging, at the time of importation, marketing, and sales. The physical label can be a summary version of the required regulatory information, such that the product can be identified as complying with the FCC's equipment authorization requirements, etc.

The way to view the e-Label: 1. Click on "Devices" in the main menu; 2. in the device list, select the right device; click on it; 3. in the device's details page, click on the link "Legal notice and certifications".
