Attention: Application Examiner

RE: Request for Confidentiality  
Applicant: Ecolink Intelligent Technology  
FCC ID: XQC-FLFZWAVE5

To Whom It May Concern:

Request is hereby submitted by Ecolink Intelligent Technology to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

**Schematic Diagram**  
**Block Diagram**  
**Theory of Operation**

Request is hereby submitted by Ecolink Intelligent Technology to withhold from public review for a period of 45 days from the date of the Grant of Equipment Authorization and prior to marketing, certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept confidential for a period of 45 days from the date of Authorization:

External Photos  
Internal Photos  
Test Setup Photos  
User Manual

Rationale for request for confidentiality:

Ecolink Intelligent Technology has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us. Disclosure of the short-term confidential portions of this application during the period of importation and/or distribution would reveal key aspects of proprietary technology to competitors and diminish the value of our investment in research and development.

The fee for confidentiality has been submitted along with the fee for certification. If you have questions or need further information, please contact the undersigned.

Sincerely,

Jay Stone  
Director of Engineering  
Ecolink Intelligent Technology
