

Date: March 21, 2011  
Subject: Node AF 1528  
FCC ID: XS5-AF1528

To Whom it may concern,

We, Andrew Wireless System (Grantee Code XS5) hereby declare, that we neither publish the Users/Integration Manual nor the Internal Photos of our FCC certified devices on our web site.

Our product portfolio consists exclusively of professional communication devices and periphery (e.g. GSM/EDGE/WCDMA/TDMA Base Stations, Repeaters, Amplifiers, etc.) designed for and delivered to mobile network operators.

These devices are generally installed by well-trained professional installers under the control of the network operators.

The required technical installation guides are handed-out together with ordered devices only to the network operator/professional installer. There is an NDA (Non-Disclosure Agreement) between Andrew Wireless System and our customer that assures that these instructions will never be made available to the general public.

Please contact the one signed below for further information.

Thank you.

Regards,

Siegfried Schwenk
