

Test data

Spurious radiated emissions 30 MHz to 1 GHz

Spurious radiated emissions with input at AGC threshold with CW signal at 406.2 MHz

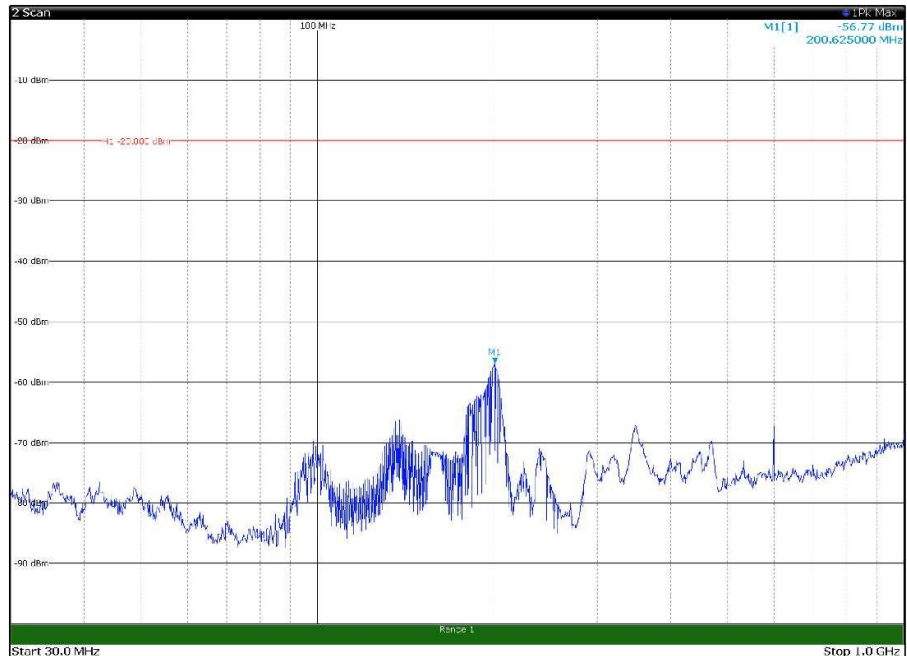

Horizontal polarization

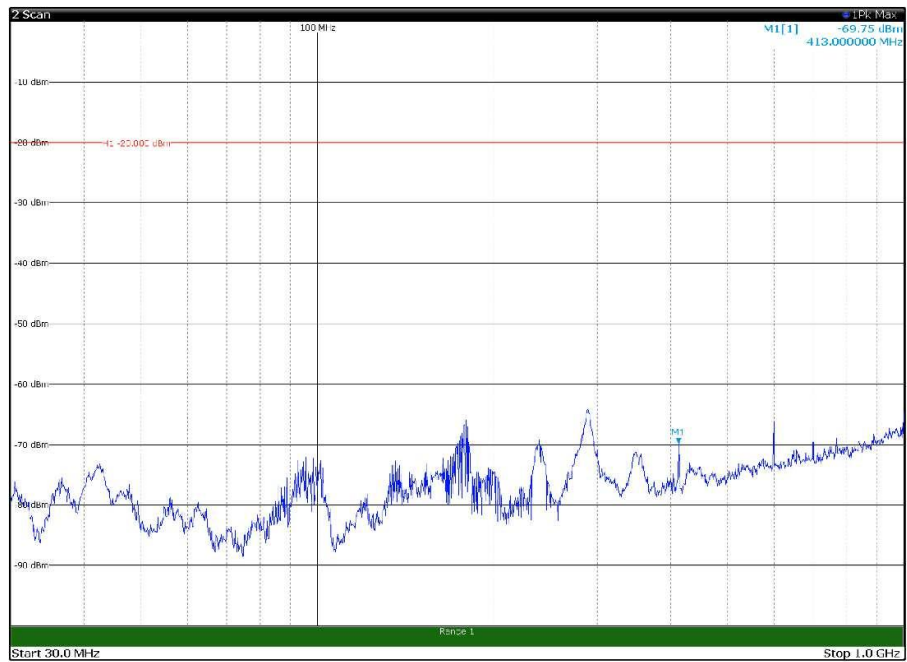

Vertical polarization

Spurious radiated emissions with input at AGC threshold with CW signal at 413 MHz

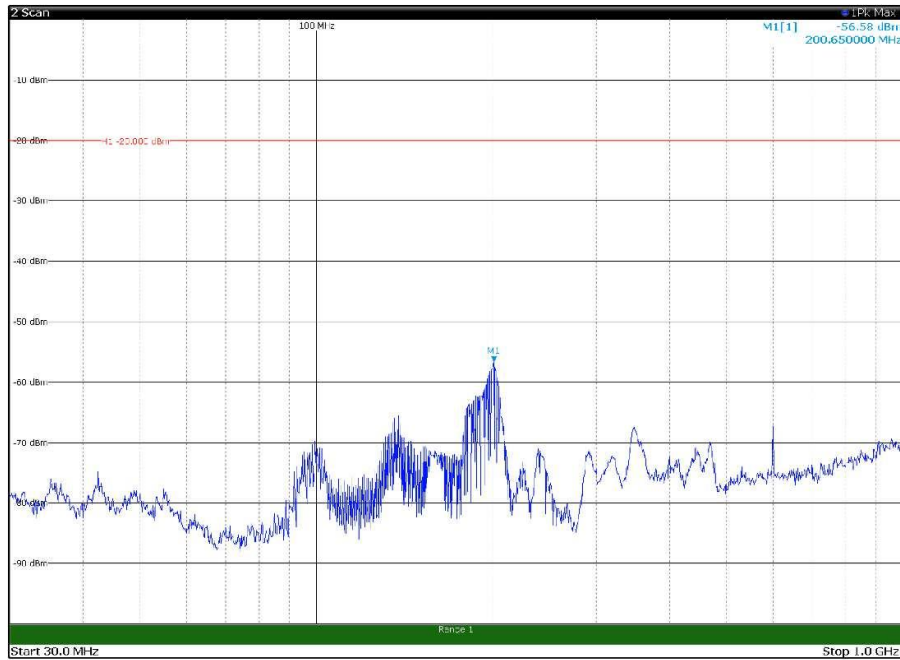

Horizontal polarization

Vertical polarization

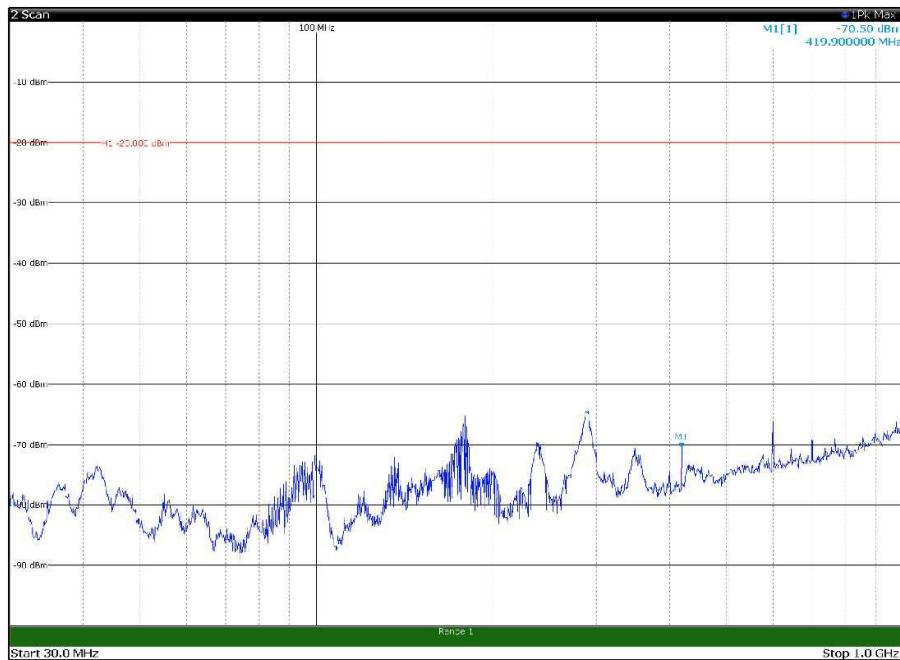

Spurious radiated emissions with input at AGC threshold with CW signal at 419.9 MHz

10:53:20 11.06.2019
