To Whom it may concerns,

Pursuant to Sections 0.457(d) and 0.459 of the Commission's Rule and KDB726920, we hereby request nonroutine long-term confidential treatment of information accompanying this application as outlined below:

☒ **Internal Photos** of a non-consumer device where the device is not accessible to the general public (for example a device mounted on the top of a large tower or in a fenced enclosure that is only serviceable by the licensee or designated technicians).

The above material contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these matters might be harmful to the applicant and provide unjustified benefits to its competitors.

Furthermore, the CAP MX is a digital distribution system sold exclusively to network operators under NDA (see attached customer NDA example). The system is professionally installed in fenced areas or shelters, on roofs, poles, masts or towers, generally not accessible to the public. Installation and maintenance of the system is strictly limited to trained designated technicians. The CAP M2 is not a consumer device.

If you have any questions, please feel free to contact me.

Yours sincerely,

Authorized Agent
