Re: On-Ramp Wireless eNode FCC and IC modular approval

FCC ID: XTE-ULPENODE100

IC: 8655A- ULPENODE100

The scope of this application is to certify On-Ramp Wireless eNode model ULPN100 against FCC (Part 15 Subpart C section 15.247) and Industry Canada (RSS 210, Issue 7) The modular unit is a 2402 MHz to 2476 MHz transceiver with Spread Spectrum DBPSK modulation

The client is asking for FCC and Industry Canada modular approval

The client;

On-Ramp Wireless Inc.

10902 Via Frontera, Suite 200

San Diego, CA 92127 USA

Tel: (858) 592-6008
