FCC ID: XVE-SA09181

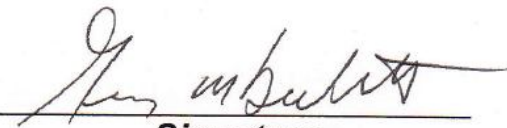

Product Name: Traxxas Link™

**Request for Permissive Change**

This is a request for changing the RF Power Amplifier from an SE2550BL to SE2564L and SE2603L as replacements, due to availability of the original part.

1. The new chips are pin for pin compatible with the original chip.
2. The new chips are the same functionally as the original chip.
3. There has been no change to the radio parameters, and no change to the board layout.
