**WARNING:**  
CHOKING HAZARD - Small Parts.  
Not for children under 3 years

## I N S T R U C T I O N S

- Please install 3 “AAA” fully-charged batteries into the chassis battery box, and screw on cover.
- Place 1 “9-Volt” battery into the battery box of radio controller and screw on cover.
- Place radio control ON/OFF switch in the “ON” position, then the vehicle’s ON/OFF switch to the “ON” position.

## C A U T I O N :

- Do not mix old and new batteries together.
- Do not dispose of batteries in fire. Leakage, explosion and/or personal injury may occur.
- Dispose of batteries properly.
- Always remove the batteries from the battery box when not in use for extended periods.
- Only an adult should charge rechargeable batteries.
- Only use batteries of the same or equivalent type as recommended.
- Only insert batteries with the correct polarity.
- Remove rechargeable batteries from the battery box before recharging.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This Category II radiocommunication device complies with Industry Canada Standard RSS-310. This Class B digital apparatus complies with Canadian ICES-003.
