Re.: RF Exposure Declaration of Compliance for CKW wireless module

FCC ID: XWS-CKW

To Whom It May Concern:

The Cleankeys CKW wireless module transmits with a maximum output power of 1mW and as such is exempt from SAR evaluation as per FCC document "Mobile and Portable Device RF Exposure Equipment Authorization Procedures" which states in section 3) a) i) that SAR data is only required for devices with output power greater than 50mW.

Sincerely,

A handwritten signature in blue ink that reads "Steve Hole".

Steve Hole  
Chief Technology Officer (CTO)  
Cleankeys Inc.
